Our Strategy

We exist to unlock the infinite potential of aluminum to advance a world free from waste. By leveraging our competitive advantages of bringing our scale to sustainability, the power of our partnerships and the unmatched talent of our people we will deliver on our promise of We Care... We Work... We Win...

We also maintain a clear and disciplined financial strategy focused on improving shareholder returns by:

- seeking to deliver comparable diluted earnings per share growth in excess of 10% per annum over the long-term;
- maximizing free cash flow generation; and
- increasing Economic Value Added (“EVA[®]”) dollars.

The cash generated by our businesses is used primarily: (1) to finance the Company’s operations, (2) to service the Company’s debt, (3) to return value to our shareholders via stock buybacks and dividend payments, and (4) to fund organic or inorganic growth investments. From time to time, we have evaluated and expect to continue to evaluate possible transactions that we believe will benefit the Company and our shareholders, which may include strategic acquisitions, divestitures of parts of our company or equity investments. At any time, we may be engaged in discussions or negotiations at various stages of development with respect to one or more possible transactions or may have entered into non-binding letters of intent. As part of any such initiatives, we may participate in processes being run by other companies or leading our own activities. There can be no assurance if or when we will enter into any such transactions or the terms of such transactions. The compensation of many of our employees is tied directly to our performance through our EVA[®]-based incentive programs.

Sustainability and Circularity

At Ball Corporation, we deliver circular aluminum packaging solutions and exist to unlock the infinite potential of aluminum to advance a world free from waste.

Our approach to sustainability has evolved over the past 20 years. Today, Ball’s sustainability strategy is driven by high standards around carbon footprint reduction and the circularity of our products. Utilizing strategic partnerships across our value chain, we work to simplify sustainability for our customers by delivering scalable solutions that enable us to win together. This includes aligning our own 2030 Sustainability Goals and strategy to our customers’ climate-related targets, sustainability goals and regulatory requirements.

We focus our sustainability efforts on environmental, social and governance impacts. Our vision is to advance sustainability through aluminum packaging. This is exhibited through our commitment to achieve a science-based 55% reduction in our greenhouse gas footprint by 2030 and net zero carbon emissions prior to 2050. In addition, Ball is committed to hiring, training and retaining a highly qualified and high-performing employee population to work in our manufacturing facilities and offices, and we do so with the intention of having a skilled and engaged workforce.

Our innovation and manufacturing teams around the world focus on continuously driving operational excellence in support of Ball's resource efficiency goals. This drives process optimization, including products designed for optimum metal efficiency, real time monitoring to improve energy efficiency and reuse of water, as well as the reduction of waste and spoilage within our manufacturing plants. Our commitment extends beyond our walls and includes purchasing aluminum from Aluminum Stewardship Initiative certified sustainable sources and reducing value chain emissions, all in order to facilitate the achievement of Ball and its customers' sustainability targets.

Today's consumers are increasingly choosing brands based on their sustainability credentials. Ball customers understand this growing priority and their unique position in impacting the environment, especially through the packaging materials they use. In addition, with growing packaging design regulations around the world, aluminum cans are well positioned to incur low compliance costs due to circularity credentials, such as favorable recycling rates and recycled content. As of 2023, Ball beverage cans contained 70% recycled content on average globally.

Aluminum packaging unlocks the full potential of packaging to help customers convey their purpose to consumers, while limiting regulatory exposure. We are committed to moving toward a truly circular economy, where materials can be, and actually are, used again and again. Aluminum cans, bottles and cups are an attractive option for sustainability-conscious brands with commitments to real world recyclability and increasing their usage of recycled materials in consumer packaging. Aluminum containers are designed to be recycled without losing quality and retain a high economic value, pushing aluminum collection, sorting and recycling rates to the highest of any beverage packaging material. That is why 75% of all aluminum ever produced is still in use today.

At a global 71% recycling rate with low yield losses and high product-to-product recycling loops, aluminum beverage packaging is the leader not only in recycling, but in circularity. Because recycling aluminum saves resources and uses significantly less energy than primary aluminum production, we are innovating and collaborating with our customers, supply chain, industry groups and other public and private partners to establish and financially support initiatives to increase recycling rates around the world. We work together to create effective collection and recycling systems, and educate consumers about the sustainability and circularity benefits of aluminum packaging.

At Ball, we believe our people and our culture enable our success and make it possible for us to deliver on our promises to customers, investors, communities and all of our stakeholders. We are working hard to create a culture and environment in which zero injuries become the reality, so everyone working for or within Ball gets home safe and healthy to their families and friends every day. We continue to invest in hiring, training and retaining our employees at every level across the organization to ensure we have the right people with the right skills in the right roles, and are providing them with opportunities to advance their careers.

A healthy and sustainable business also depends on thriving communities. Ball's commitment to the communities where we live and operate is an integral part of our corporate culture, as we continue to support organizations, programs and civic initiatives that advance sustainable livelihoods. Community engagement is how our Company and our employees enrich the places where we live and work beyond providing jobs, benefits and paying local taxes. Through the Ball Foundation, corporate giving, employee giving and volunteerism, we invest in the future of the communities that sustain us. Each year Ball and its employees donate, volunteer and support non-profit organizations centered on building sustainable communities through recycling, education, and disaster preparedness and relief initiatives.

The Company's focus towards sustainability has been recognized by external organizations. For the seventh year in a row, Ball received an A- score in CDP's climate change program. In addition, Ball earned a MSCI AAA ESG rating, received a Gold Medal in recognition of overall sustainability achievements through EcoVadis and was recognized as one of America's Most Responsible Companies by Newsweek.

Summary Historical Financial Data

The following tables set forth the summary historical consolidated financial data for the Company as of December 31, 2024 and 2023, and for the years ended December 31, 2024, 2023 and 2022, and as of June 30, 2025, and for the six months ended June 30, 2025 and 2024. The information as of December 31, 2024 and 2023, and for the years ended December 31, 2024, 2023 and 2022 was derived from our audited consolidated financial statements. The information as of June 30, 2025, and for the six months ended June 30, 2025 and 2024 was derived from our unaudited condensed consolidated financial statements that include, in the opinion of management, all normal and recurring adjustments necessary to state fairly the information for the periods and at the dates presented. The results of operations for the six months ended June 30, 2025 are not necessarily indicative of the results to be expected for the full year ending December 31, 2025. On February 16, 2024, the Company completed the divestiture of its aerospace business. The transaction represented a strategic shift; therefore, the data in the tables below reflect the aerospace business' financial results as discontinued operations for all periods presented.

The following data should be read in conjunction with “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and the historical consolidated financial statements and related notes, all of which are contained in our [Annual Report on Form 10-K filed with the SEC on February 20, 2025](#) and in our [Quarterly Report on Form 10-Q filed with the SEC on August 5, 2025](#), which are incorporated by reference into this prospectus supplement and the accompanying prospectus.

- (1) EBITDA represents earnings before interest expense, taxes, depreciation and amortization and Comparable EBITDA represents earnings before interest expense, taxes, depreciation and amortization, business consolidation and other activities and other non-comparable items. We present EBITDA and Comparable EBITDA because we consider them important supplemental measures of our financial performance and our management believes they are frequently used by securities analysts, investors and other interested parties in the evaluation of the companies' financial performance in our industry. EBITDA and Comparable EBITDA are non-U.S. generally accepted accounting principles ("GAAP") measures and should not be considered alternatives to net earnings as indicators of our operating performance. Non-U.S. GAAP measures should not be considered in isolation and should not be considered superior to, or a substitute for, financial measures calculated in accordance with U.S. GAAP. A reconciliation of EBITDA and Comparable EBITDA to earnings before taxes follows.
- (2) Cash flows from the historical aerospace reportable segment are presented within each cash flow statement category through the date of sale.
- (3) EBITDA Margin and Comparable EBITDA Margin are calculated as follows:

	Year ended December 31,			Six Months ended June 30,

- (5) Working capital is defined as current assets less current liabilities.

RISK FACTORS

You should carefully consider the following risk factors and the risk factors and assumptions related to our business identified or described in our most recent Annual Report on Form 10-K (together with any material changes thereto contained in subsequently filed Quarterly Reports on Form 10-Q) and those contained in our other filings with the SEC that are incorporated by reference into this prospectus supplement and the accompanying prospectus before investing in the notes. The risks described below or incorporated by reference herein are not the only risks facing us. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial may also materially and adversely affect our business operations. The occurrence of any one or more of the following could materially adversely affect our business, financial condition or results of operations. In such case, you may lose all or part of your original investment.

Risks Related to the Notes

Our significant debt could adversely affect our financial health and prevent us from fulfilling our obligations under the notes.

We have now and, after this offering, will continue to have a significant amount of debt. On June 30, 2025 (excluding the 2025 notes), on an as adjusted basis, after giving effect to this offering and the intended use of proceeds, we would have had total long-term debt, including current portion, of \$7.13 billion (of which \$750 million would have consisted of the notes and approximately \$6.56 billion would have consisted of our existing senior notes) and approximately \$1.71 billion available for additional borrowings under the Amended Credit Agreement. Our high level of debt could have important consequences, including the following:

- use of a large portion of our cash flow to pay principal and interest on our notes, our credit facilities and our other debt, which will reduce the availability of our cash flow to fund working capital, capital expenditures, research and development expenditures and other business activities;
- increase our vulnerability to general adverse economic and industry conditions;
- limit our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate;
- restrict us from making strategic acquisitions or exploiting business opportunities;
- place us at a competitive disadvantage compared to our competitors that have less debt;
- limit our ability to make capital expenditures in order to maintain our manufacturing plants in good working order and repair; and
- limit, along with the financial and other restrictive covenants in our debt, among other things, our ability to borrow additional funds, dispose of assets or pay cash dividends.

In addition, a substantial portion of our existing debt bears interest at variable rates. Market interest rates have fluctuated over the past several years and may increase in the future as a result of action by the U.S. Federal Reserve and other factors, and as a result, variable-rate debt will create higher debt service requirements, which would adversely affect our cash flow. While we sometimes enter into agreements limiting our exposure, any such agreements may not offer complete protection from this risk.

We will require a significant amount of cash to service our debt. Our ability to generate cash depends on many factors beyond our control.

Our ability to make payments on and to refinance our debt, including the notes, and to fund planned capital expenditures and research and development efforts, will depend on our ability to generate cash in the future. This is subject to general economic, financial, competitive, legislative, regulatory and other factors that may be beyond our control. Based on our current operations, we believe our cash flow from operations, available cash and available borrowings under the Amended Credit Agreement will be adequate to meet our future liquidity needs for the next several years barring any unforeseen circumstances which are beyond our control.

We cannot assure you, however, that our business will generate sufficient cash flow from operations or that future borrowings will be available to us under the Amended Credit Agreement or otherwise in an amount sufficient to enable us to pay our debt, including the notes, or to fund our other liquidity needs. We may need to refinance all or a portion of our debt, including the notes, on or before maturity. We cannot assure you that we will be able to refinance any of our debt, including our credit facilities, the existing senior notes or the notes, on commercially reasonable terms or at all. The capital markets have experienced a period of increased volatility, which could impact any refinancing efforts or the terms thereof.

Despite our current significant level of debt, we may still be able to incur substantially more debt, including secured debt. This could further exacerbate the risks associated with our substantial debt.

We may be able to incur substantial additional debt, including secured debt, in the future. The indentures governing the notes and our existing senior notes will not or do not restrict the future incurrence of unsecured indebtedness, guarantees or other obligations. Although our credit facilities contain restrictions on the incurrence of additional debt, and the indentures governing the notes and our existing senior notes contain or will contain certain restrictions on the incurrence of additional secured debt, these restrictions are subject to a number of qualifications and exceptions and, under certain circumstances, debt incurred in compliance with these restrictions could be substantial. As of June 30, 2025, on an as adjusted basis, after giving effect to this offering and the intended use of proceeds, we would have had secured long-term debt of \$625 million and approximately \$1.71 billion available for additional borrowings under the Amended Credit Agreement, all of which would be secured.

The notes and the subsidiary guarantees will be unsecured and effectively subordinated to our existing and future secured debt.

Holders of our secured debt will have claims that are prior to your claims as holders of the notes to the extent of the value of the assets securing the secured debt. Notably, we and the subsidiary guarantors are parties to the Amended Credit Agreement, which is secured, subject to certain exceptions, by a lien or pledge on (i) 100% of the capital stock of each of our present and future direct and indirect material wholly-owned domestic subsidiaries directly owned by us or any of our wholly-owned domestic subsidiaries and (ii) 65% of the capital stock of each of our present and future material wholly-owned first-tier foreign subsidiaries and material wholly-owned U.S. domiciled foreign subsidiaries directly owned by us or any of our wholly-owned domestic subsidiaries, other than certain excluded subsidiaries. In addition, the obligations of certain foreign borrowers and foreign pledgors under the Amended Credit Agreement and the other loan documents, and of certain subsidiaries under certain hedging agreements, are secured, with certain exceptions in accordance with the terms of the loan documents and the applicable pledge agreement, by a valid first priority perfected lien or pledge on 100% of the capital stock of certain of our material wholly-owned foreign subsidiaries and material wholly-owned U.S. domiciled foreign subsidiaries directly owned by us or any of our wholly-owned material subsidiaries, other than certain excluded subsidiaries. The notes and the guarantees will be effectively subordinated to all secured debt to the extent of the value of the collateral. In the event of any distribution or payment of our assets in any foreclosure, dissolution, winding-up, liquidation, reorganization or other bankruptcy proceeding, holders of secured debt will have prior claim to those of our assets that constitute their collateral. Holders of the notes will participate ratably with all holders of our unsecured debt that is deemed to be of the same class as the notes, and potentially with all of our other general creditors, based upon the respective amounts owed to each holder or creditor, in our remaining assets. In any of the foregoing events, we cannot assure you that there will be sufficient assets to pay amounts due on the notes. As a result, holders of notes may receive less, ratably, than holders of secured debt.

As of June 30, 2025, on an as adjusted basis, after giving effect to this offering and the intended use of proceeds, we would have had secured long-term debt of \$625 million and approximately \$1.71 billion would have been available for additional borrowings under the Amended Credit Agreement, all of which would be secured. We may be permitted to borrow substantial additional debt, including secured debt, in the future under the terms of the indenture governing the notes.

The notes will be structurally subordinated to all existing and future liabilities of our subsidiaries that do not guarantee the notes.

The notes will be structurally subordinated to all existing and future liabilities, including trade payables, of our subsidiaries that do not guarantee the notes, and the claims of creditors of those subsidiaries, including

trade creditors, will have priority as to the assets and cash flows of those subsidiaries. In the event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding of any of the non-guarantor subsidiaries, holders of their liabilities, including their trade creditors, will generally be entitled to payment on their claims from assets of those subsidiaries before any assets are made available for distribution to us.

Substantially all of our domestic subsidiaries that guarantee our existing indebtedness will guarantee the notes, and none of our foreign subsidiaries will guarantee the notes. As of June 30, 2025, on an as adjusted basis, after giving effect to this offering and the intended use of proceeds, our non-guarantor subsidiaries would have had approximately \$3.17 billion of outstanding liabilities, excluding intercompany liabilities but including trade payables. In addition, the non-guarantor subsidiaries generated approximately 54% of our net sales for the year ended December 31, 2024 and the six months ended June 30, 2025, and held approximately 64% and 66% of our assets as of December 31, 2024 and June 30, 2025, respectively.

The notes do not impose any limitations on our ability to incur additional unsecured debt, guarantees or other obligations.

The indenture governing the notes will not restrict the future incurrence of unsecured indebtedness, guarantees or other obligations. Except for the limitations on granting liens on the capital stock and indebtedness of our subsidiaries and on certain limited assets we and certain of our subsidiaries own (or on entering into sale and leaseback transactions with respect to those assets) the indenture governing the notes will not restrict our ability to incur secured indebtedness, grant liens on our assets or to engage in sale and leaseback transactions. See “Description of Notes — Limitation on Liens” and “Description of Notes — Limitation on Sale and Leaseback Transactions.”

We may not be able to service the notes because of our operational structure.

The notes will be solely our obligation, and each subsidiary guarantee will be the obligation solely of the applicable guarantor. We are a holding company and, as such, our operations are conducted through our subsidiaries. Our subsidiaries are our primary source of income and we rely on that income to make payments on debt. However, our subsidiaries are separate and distinct legal entities.

Except for the subsidiary guarantees given by the subsidiary guarantors, holders of the notes cannot demand repayment of the notes from our subsidiaries because the notes will not be obligations of non-guarantor subsidiaries. Therefore, although our operating subsidiaries may have cash, we may not be able to make payments on our debt. In addition, our non-guarantor subsidiaries are not obligated to make distributions to us. The ability of our subsidiaries to make payments to us will also be affected by their own operating results and will be subject to applicable laws and contractual restrictions contained in the instruments governing any debt or leases of such subsidiaries. The indentures governing the existing senior notes do not limit the ability of such subsidiaries to enter into any consensual restrictions on their ability to pay dividends and other payments to us.

The definition of a Change of Control requiring us to repurchase the notes is limited, and the market price of the notes may decline if we enter into a transaction that is not a Change of Control under the indenture governing the notes.

The term “Change of Control” (as defined in “Description of Notes — Certain Definitions”) is limited in scope and does not include every event that might cause the market price of the notes to decline. Furthermore, we are required to repurchase the notes upon a Change of Control only if, during the 60 days after the earlier of such Change of Control or public announcement thereof (which period may be extended), the notes have a credit rating below investment grade from each of the three rating agencies. As a result, our obligation to repurchase the notes upon the occurrence of a Change of Control is limited and may not preserve the value of the notes in the event of a highly leveraged transaction, reorganization, merger or similar transaction.

We may not have sufficient funds to purchase the notes upon a Change of Control Repurchase Event as required by the indenture governing the notes.

Holders of the notes may require us to repurchase their notes upon a Change of Control Repurchase Event as defined under “Description of Notes — Certain Definitions.” We cannot assure you that we would

have sufficient financial resources, or would be able to arrange financing, to pay the repurchase price of the notes, the existing senior notes, which have similar provisions, or other then-existing debt securities or other indebtedness, the holders of which may be entitled to similar rights. Furthermore, a Change of Control (as defined therein) is an event of default under the Amended Credit Agreement and the terms of our other then-existing indebtedness or other agreements may contain financial covenants, events of default provisions or other provisions that could be violated if a change of control (as defined therein) were to occur or if we were required to repurchase the notes, the existing senior notes or other debt securities or repay indebtedness containing a similar repurchase or repayment requirement.

The subsidiary guarantees of the notes could be subordinated or voided by a court.

Under the federal bankruptcy law and comparable provisions of state fraudulent transfer laws, a guarantee could be voided, or claims in respect of a guarantee could be subordinated to all other debts of that guarantor if, among other things, the guarantor, at the time it incurred the debt evidenced by its guarantee:

- received less than reasonably equivalent value or fair consideration for the incurrence of such guarantee; and
- was insolvent or rendered insolvent by reason of such incurrence; or
- was engaged in a business or transaction for which the guarantor's remaining assets constituted unreasonably small capital; or
- intended to incur, or believed that it would incur, debts beyond its ability to pay such debts as they mature.

In such instances, the note holders would cease to have any claim in respect of that subsidiary guarantee and would be solely our creditors solely of us and any remaining subsidiary guarantors. In addition, any payment by that subsidiary guarantor pursuant to its subsidiary guarantee could be voided and required to be returned to the subsidiary guarantor, or to a fund for the benefit of the creditors of the subsidiary guarantor.

The measures of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, a guarantor would be considered insolvent if:

- the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets;
- the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or
- it could not pay its debts as they become due.

We cannot assure you, however, as to what standard a court would apply in making these determinations.

A court may void the issuance of the notes in circumstances of a fraudulent transfer under federal or state fraudulent transfer laws.

If a court determines the issuance of the notes constituted a fraudulent transfer, the holders of the notes may not receive payment on the notes.

Under federal bankruptcy and comparable provisions of state fraudulent transfer laws, if a court were to find that, at the time the notes were issued, we:

- issued the notes with the intent of hindering, delaying or defrauding current or future creditors; or
- received less than fair consideration or reasonably equivalent value for incurring the debt represented by the notes, and either (i) we were insolvent or were rendered insolvent by reason of the issuance of the notes; or (ii) we were engaged, or about to engage, in a business or transaction for which our

assets were unreasonably small; or (iii) we intended to incur, or believed, or should have believed, we would incur, debts beyond our ability to pay as such debts mature; then a court could:

- avoid all or a portion of our obligations to the holders of the notes;
- subordinate our obligations to the holders of the notes to other existing and future debt of us, the effect of which would be to entitle the other creditors to be paid in full before any payment could be made on the notes; or
- take other action harmful to the holders of the notes, including in certain circumstances, invalidating the notes.

In any of these events, we could not assure you that the holders of the notes would ever receive payment on the notes.

The measures of insolvency for the purposes of the above are described in the risk factor “The subsidiary guarantees of the notes could be subordinated or voided by a court.” We cannot assure you as to what standard a court would apply in order to determine whether we were “insolvent” as of the date the notes were issued, or that, regardless of the method of valuation, a court would not determine that we were insolvent on that date. Nor can we assure you that a court would not determine, regardless of whether we were insolvent on the date the notes were issued, that the issuance of the notes constituted fraudulent transfers on another ground.

An active trading market may not develop for the notes. The liquidity of any trading market that does develop and the market prices quoted for the notes may be adversely affected by factors beyond our control.

There is currently no public market for the notes, and we do not currently plan to list the notes on any national securities exchange. In addition, the liquidity of any trading market in the notes, and the market price quoted for the notes, may be adversely affected by changes in the overall market for these securities, by changes in prevailing interest rates and other general economic conditions, and by changes in our financial performance or prospects. A liquid trading market in the notes may not develop.

USE OF PROCEEDS

We estimate that the net proceeds from the sale of the notes offered by this prospectus supplement will be approximately \$ million (after deducting the underwriting discounts and commissions and estimated expenses related to this offering). We intend to use the net proceeds from this offering for general corporate purposes, which may include the refinancing or repayment of debt. Prior to the application of such proceeds, we intend to repay outstanding borrowings under our U.S. dollar and multi-currency revolving credit facilities, without a reduction in commitment, using a portion of the net proceeds from this offering, together with cash on hand. The exact allocation of such proceeds and the timing thereof is at the discretion of our management.

Our U.S. dollar and multi-currency revolving credit facilities mature on June 28, 2027. Our U.S. dollar revolving credit facility currently bears interest at a rate of 5.66%, and our multi-currency revolving credit facility currently bears interest at a rate of 5.68%. Amounts repaid under our U.S. dollar and multi-currency revolving credit facilities may be reborrowed in the future.

Certain of the underwriters and/or their affiliates are lenders under our U.S. dollar and multi-currency revolving credit facilities and, as a result, may receive a portion of the net proceeds from this offering. See “Underwriting — Other Relationships.”

The 2032 Euro notes are our unsecured senior obligations. They rank senior in right of payment to all of our future unsecured subordinated debt and equally in right of payment with all of our existing and future unsecured senior debt, including the notes.

Principal, Maturity and Interest

As of June 30, 2025, the outstanding aggregate principal amount of the 2032 Euro notes was \$1,002 million (based on U.S. dollar/euro exchange rate as of June 30, 2025). The 2032 Euro notes will mature on July 1, 2032. Interest on the 2032 Euro notes accrues at a rate of 4.250% per annum and is payable semiannually in arrears on January 1 and July 1 of each year to holders of record at the close of business on the business day immediately preceding such interest payment date.

Subsidiary Guarantees

Our payment obligations under the 2032 Euro notes are fully and unconditionally guaranteed on an unsecured senior basis by substantially all of our domestic subsidiaries that guarantee our existing indebtedness (the same subsidiaries that will fully and unconditionally guarantee the notes offered hereby). The 2032 Euro notes are not guaranteed by any of our foreign subsidiaries.

The subsidiary guarantee of each subsidiary guarantor ranks equally in right of payment to all of such subsidiary guarantor's senior existing and future unsecured debt, is such guarantor's senior unsecured obligation and ranks senior in right of payment to all of such subsidiary guarantor's existing and future debt that expressly provides for its subordination to such subsidiary guarantor's subsidiary guarantee.

Optional Redemption

At any time, we may redeem all or some of the 2032 Euro notes, upon not less than 10 nor more than 60 days' notice, prior to April 1, 2032 (the "2032 Euro note Par Call Date"), at a redemption price equal to the greater of (1) 100% of the principal amount of the 2032 Euro notes to be redeemed and (2) the sum of the present values of the redemption price on the 2032 Euro notes on the 2032 Euro note Par Call Date and all required payments of interest of the 2032 Euro notes through the 2032 Euro note Par Call Date discounted to the date of redemption (excluding interest accrued to the date of redemption), on a semiannual basis, at the applicable Comparable Government Bond Rate (as defined in the indenture governing the 2032 Euro notes) plus 50 basis points, plus any accrued and unpaid interest to, but excluding, the date of redemption.

At any time on or after the 2032 Euro note Par Call Date, we may redeem all or any of the 2032 Euro notes at any time in whole, or from time to time in part, at our option, at a redemption price equal to 100% of the principal amount thereof, plus any accrued and unpaid interest to, but excluding, the date of redemption.

Change of Control

Upon a Change of Control Repurchase Event (as defined in the indenture governing the 2032 Euro notes), the holders of the 2032 Euro notes have the right to require us to repurchase all or any part of that holder's 2032 Euro notes at a purchase price equal to 101% of the aggregate principal amount of notes repurchased *plus* accrued and unpaid interest on the notes repurchased, to, but excluding, the date of repurchase.

Certain Covenants

The 2032 Euro notes indenture contains certain covenants for the benefit of the holders of the 2032 Euro notes, which restrict our ability to, among other things: create liens; enter into sale and leaseback transactions; and merge or consolidate with other entities.

Such covenants are subject to certain other limitations and exceptions as set forth in the indenture governing the 2032 Euro notes.

DESCRIPTION OF NOTES

You can find the definitions of certain terms used in this description under the subheading “— Certain Definitions.” In this description, the words “Ball,” “we,” “us” and “our” refer only to Ball Corporation and not to any of its Subsidiaries.

Ball is offering an aggregate of \$750 million of senior notes (the “notes”). Ball will issue the notes under a base indenture dated November 27, 2015, between itself and Deutsche Bank Trust Company Americas, as trustee, as amended and supplemented by a eighteenth supplemental indenture with respect to the notes (the “Eighteenth Supplemental Indenture”), among Ball, the Guarantors and the trustee.

For convenience, the base indenture, as amended and supplemented by the Eighteenth Supplemental Indenture is referred to as the “indenture.” The terms of the notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended (the “Trust Indenture Act”). The registered holder of a note will be treated as the owner of it for all purposes. Only registered holders will have rights under the indenture.

The following description is a summary of the material provisions of the notes and indenture. It does not restate those agreements in their entirety. We urge you to read the indenture because it, and not this description, defines your rights as a holder of the notes. Certain defined terms used in this description but not defined below under “— Certain Definitions” have the meanings assigned to them in the indenture.

Brief Description of the Notes and the Guarantees

The Notes

The notes will be Ball’s senior unsecured obligations and will rank:

- equally in right of payment to all of Ball’s existing and future senior Indebtedness and other liabilities, including trade payables and its existing senior notes; and
- senior in right of payment to all of Ball’s future Indebtedness, if any, that expressly provides for its subordination to the notes.

In the event that Ball’s secured creditors exercise their rights with respect to Ball’s pledged assets, Ball’s secured creditors would be entitled to be repaid in full from the proceeds from the sale of those assets before those proceeds would be available for distribution to Ball’s other senior creditors, including holders of the notes. Further, borrowings under Ball’s existing credit facilities are secured by a pledge of capital stock of Ball’s Domestic Subsidiaries and 65% of the capital stock of certain of Ball’s Foreign Subsidiaries. In addition, the assets of the Subsidiaries of Ball that are not Guarantors, such as Ball’s Foreign Subsidiaries and the Excluded Subsidiaries, will be subject to the prior claims of all creditors, including trade creditors, of those subsidiaries. See “Risk Factors — Risks Related to the Notes — The notes and the subsidiary guarantees will be unsecured and effectively subordinated to our existing and future secured debt” and “Risk Factors — Risks Related to the Notes — The notes will be structurally subordinated to all existing and future liabilities of our subsidiaries, including trade payables, that do not guarantee the notes.”

The Guarantees

Ball’s payment obligations under the notes will be fully and unconditionally guaranteed, on a joint and several basis, by the Guarantors. Initially, the Guarantors will be substantially all of the Domestic Subsidiaries of Ball that guarantee any other Indebtedness of Ball as of the date of the Eighteenth Supplemental Indenture, other than the Excluded Subsidiaries. Additionally, all future Domestic Subsidiaries of Ball that guarantee any other Indebtedness of Ball, other than those Subsidiaries that are designated as Excluded Subsidiaries, will be required to become Guarantors.

The subsidiary guarantee of each Guarantor will be such Guarantor’s senior unsecured obligation and will rank:

- equally in right of payment to all of such Guarantor’s existing and future senior debt and other liabilities, including trade payables and such Guarantor’s guarantee of Ball’s existing senior notes; and

- senior in right of payment to all of such Guarantor's future debt, if any, that expressly provides for its subordination to such Guarantor's subsidiary guarantee.

In the event that the Guarantors' secured creditors exercise their rights with respect to the Guarantors' pledged assets, the Guarantors' secured creditors would be entitled to be repaid in full from the proceeds from the sale of those assets before those proceeds would be available for distribution to their other creditors, including with respect to the guarantees of the notes. In addition, although each Domestic Subsidiary of Ball that guarantees any other Indebtedness of Ball, other than the Excluded Subsidiaries, will guarantee the notes, subject to certain exceptions. None of Ball's other Subsidiaries, including its Foreign Subsidiaries, will guarantee the notes. In the event of a bankruptcy, liquidation or reorganization of any of these non-guarantor subsidiaries, the non-guarantor subsidiaries will pay the holders of their debt and other liabilities, including their trade payables, before they will be able to distribute any of their assets to Ball. The non-guarantor subsidiaries generated approximately 54% of our net sales for the year ended December 31, 2024 and the six months ended June 30, 2025, and held approximately 64% and 66% of our assets as of December 31, 2024 and June 30, 2025, respectively.

Principal, Maturity and Interest

The notes will be initially limited to \$750 million in aggregate principal amount and will mature on September 15, 2033. The notes will bear interest at the rate of % per annum from the date of original issuance, or from the most recent interest payment date to which interest has been paid or provided for.

Ball will make interest payments on the notes semiannually in arrears on January 1 and July 1, commencing on January 1, 2026, to the holders of record at the close of business on the immediately preceding December 15 and June 15 (or, if not a business day, then the business day prior). Interest will be computed on the basis of a 360-day year consisting of twelve 30-day months.

If an interest payment date or the maturity date with respect to the notes falls on a day that is not a business day, the payment will be made on the next business day as if it were made on the date the payment was due, and no interest will accrue on the amount so payable for the period from and after that interest payment date or the maturity date, as the case may be, to the date the payment is made. The notes will be issued in registered book-entry form only, in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The indenture does not limit the amount of notes that Ball may issue under the indenture and provides that notes may be issued from time to time in one or more series. Ball may from time to time, without giving notice to or seeking the consent of the holders of the notes, issue additional notes having the same terms (except for the issue date and, in some cases, the public offering price and the first interest payment date) and ranking equally and ratably with the notes offered hereby. The notes offered hereby and any such additional notes having the same terms, and ranking equally and ratably with, the notes offered hereby as described above, that are subsequently issued under the indenture will be treated as a single class for all purposes under the indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase; *provided* that any additional notes that are not fungible with the relevant notes offered hereby for U.S. federal income tax purposes shall have a separate securities identifier. Ball may issue one or more other classes or series of notes under the base indenture and subsequent supplemental indentures. Unless the context requires otherwise, references herein to the "notes" include any additional notes subsequently issued under the indenture that are treated as a single class (but do not include notes subsequently issued under the base indenture and subsequent supplemental indentures that are treated as a different class).

Methods of Receiving Payments on the Notes

With respect to notes represented by global notes, Ball will pay all principal, interest and premium, if any, on the notes in accordance with the procedures of the depositary. If a holder of notes has given wire transfer instructions to Ball, Ball will pay all principal, interest and premium, if any, on that holder's notes in accordance with those instructions. All other payments on notes will be made at the office or agency of the paying agent and registrar unless Ball elects to make interest payments by check mailed to the noteholders at their address set forth in the register of holders.

Paying Agent and Registrar for the Notes

The trustee will initially act as paying agent and registrar. Ball may change the paying agent or registrar without prior notice to the holders of the notes, and Ball or any of its Subsidiaries may act as paying agent or registrar.

Transfer and Exchange

A holder may transfer or exchange notes in accordance with the provisions of the indenture. The registrar and the trustee may require a holder, among other things, to furnish appropriate endorsements and transfer documents in connection with a transfer of notes. Holders will be required to pay all taxes due on transfer. Ball is not required to transfer or exchange any note selected for redemption. Also, Ball is not required to transfer or exchange any note for a period of 10 days before a selection of notes to be redeemed.

Subsidiary Guarantees

Ball's payment obligations under the notes will be fully and unconditionally guaranteed by substantially all of Ball's current and future Domestic Subsidiaries that guarantee any other Indebtedness of Ball, other than the Excluded Subsidiaries. Ball's payment obligations under the notes will not be guaranteed by any of Ball's Foreign Subsidiaries. The subsidiary guarantees will be joint and several obligations of the Guarantors.

Each subsidiary guarantee will be limited to an amount not to exceed the maximum amount that can be guaranteed by the applicable Guarantor without rendering the applicable subsidiary guarantee voidable under applicable law relating to fraudulent conveyance or fraudulent transfer or similar laws affecting the rights of creditors generally or otherwise being void, voidable or unenforceable under any bankruptcy, reorganization, insolvency, liquidation or other similar legislation or legal principles. If a subsidiary guarantee were to be rendered voidable, it could be subordinated by a court to all other Indebtedness, including guarantees and other contingent liabilities, of the applicable Guarantor, and depending on the amount of such Indebtedness, a Guarantor's liability on its subsidiary guarantee could be reduced to zero. See "Risk Factors — Risks Related to the Notes — The subsidiary guarantees of the notes could be subordinated or voided by a court."

A Guarantor may not sell or otherwise dispose of all or substantially all of its assets to, or consolidate with or merge with or into, whether or not such Guarantor is the surviving Person, another Person, other than Ball or another Guarantor, unless:

- (1) immediately after giving effect to that transaction, no Default or Event of Default exists; and
- (2) either (a) the Person acquiring the assets in any such sale or disposition or the Person formed by or surviving any such consolidation or merger, if other than the Guarantor, assumes all the obligations of that Guarantor under the indenture and its subsidiary guarantee pursuant to a supplemental indenture in form and substance reasonably satisfactory to the trustee or (b) such sale or other disposition (including by merger or consolidation) does not violate the applicable provisions of the indenture.

The subsidiary guarantee of a Guarantor will be released:

- (1) in connection with any sale or other disposition of all or substantially all of the assets of that Guarantor, including by way of merger, consolidation or otherwise, to a Person that is not (either before or after giving effect to such transaction) Ball or a Subsidiary of Ball;
- (2) in connection with any sale or other disposition of all of the Capital Stock of a Guarantor, including by way of a dividend of the Capital Stock of such Guarantor to the stockholders of Ball, to a Person that is not (either before or after giving effect to such transaction) a Subsidiary of Ball;
- (3) upon legal defeasance, covenant defeasance or satisfaction and discharge of the indenture as provided below under the captions "— Legal Defeasance and Covenant Defeasance" and "— Satisfaction and Discharge"; or

- (4) upon release of such subsidiary Guarantor's Guarantee of all other Indebtedness of Ball.

Optional Redemption

Ball may redeem all or any of the notes at any time in whole, or from time to time in part, prior to June 15, 2033 (three months prior to the maturity date) (the "Par Call Date") at its option, at a redemption price equal to the greater of (1) 100% of the principal amount of the notes to be redeemed and (2) the sum of the present values of the redemption price of the notes on the Par Call Date and all required payments of interest on the notes through the Par Call Date, discounted to the date of redemption (excluding interest accrued to the date of redemption), on a semiannual basis, at a rate equal to the sum of the Treasury Rate plus basis points, plus, in each case, any accrued and unpaid interest on the notes to, but excluding, the date of redemption. The redemption prices for the notes will be calculated assuming a 360-day year consisting of twelve 30-day months.

At any time on or after the Par Call Date, Ball may redeem all or any of the notes at any time in whole, or from time to time in part, at its option, at a redemption price equal to 100% of the principal amount thereof, plus any accrued and unpaid interest on the notes to, but excluding, the date of redemption.

For purposes of the foregoing discussion, the following definitions apply:

"Comparable Treasury Issue" means the United States Treasury security selected by an Independent Investment Banker as having a maturity date comparable to the remaining term (as measured from the date of redemption and assuming for this purpose that the notes matured on the Par Call Date) of the notes that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the notes.

"Comparable Treasury Price" means, with respect to any redemption date, (i) the average of the Reference Treasury Dealer Quotations obtained by Ball for that redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, (ii) if Ball is unable to obtain at least four such Reference Treasury Dealer Quotations, the average of all Reference Treasury Dealer Quotations obtained by Ball, or (iii) if only one Reference Treasury Dealer Quotation is received, such quotation.

"Independent Investment Banker" means BofA Securities, Inc., or, if such firm is unwilling or unable to select the applicable Comparable Treasury Issue, an independent investment banking institution of national standing appointed by Ball.

"Reference Treasury Dealer" means (i) BofA Securities, Inc. (or its affiliates that are Primary Treasury Dealers) and their respective successors; *provided, however*, that if any of the foregoing shall cease to be a primary U.S. government securities dealer in New York City (a "Primary Treasury Dealer"), Ball may substitute another institution to act as a Primary Treasury Dealer, and (ii) at least two other Primary Treasury Dealers selected by Ball.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and any redemption date for the notes, an average, as determined by Ball, of the bid and asked prices for the Comparable Treasury Issue for the notes, expressed in each case as a percentage of its principal amount, quoted in writing to Ball by the Reference Treasury Dealer at 3:30 p.m., New York City time, on the third business day preceding the redemption date.

"Treasury Rate" means, with respect to any redemption date applicable to the notes, the rate per annum equal to the semi-annual equivalent yield to maturity, computed as of the third business day immediately preceding the redemption date, of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue, expressed as a percentage of its principal amount, equal to the applicable Comparable Treasury Price for the redemption date.

Repurchase at the Option of Holders Upon a Change of Control Repurchase Event

If a Change of Control Repurchase Event occurs, unless Ball has exercised its right to redeem the notes as described above under "— Optional Redemption" within 60 days after the Change of Control, Ball will make an offer (a "Change of Control Offer") to each holder of the notes to repurchase all or any part, equal

to \$2,000 or an integral multiple of \$1,000 of that holder's notes at a repurchase price in cash equal to 101% of the aggregate principal amount of notes repurchased, plus any accrued and unpaid interest on the notes repurchased to, but excluding, the date of repurchase (the "Change of Control Payment").

Within 30 days following any Change of Control Repurchase Event or, at Ball's option, prior to the consummation of the Change of Control transaction, but after the public announcement thereof, Ball will send a notice to each holder of notes describing the transaction or transactions that constitutes the Change of Control and offering to repurchase the notes on the date specified in the notice (the "Change of Control Payment Date"), which date will be no earlier than 10 days and no later than 60 days from the date such notice is sent, pursuant to the procedures required by the indenture and described in such notice. If sent prior to the date of consummation of the Change of Control transaction, the notice will state that the Change of Control Offer is conditioned on a Change of Control Repurchase Event occurring prior to the Change of Control Payment Date.

Ball will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control Repurchase Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control Repurchase Event provisions of the indenture, Ball will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control Repurchase Event provisions of the indenture by virtue of such compliance.

On the Change of Control Payment Date, Ball will, to the extent lawful:

- (1) accept for payment all notes or portions of notes (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) properly tendered pursuant to a Change of Control Offer; deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and
- (2) deliver or cause to be delivered to the trustee the notes properly accepted together with an officers' certificate stating the aggregate principal amount of notes or portions of notes being repurchased by Ball.

The paying agent will promptly deliver to each holder of notes properly tendered the Change of Control Payment for such notes, and the trustee will promptly authenticate and mail, or cause to be transferred by book entry, to each holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any; *provided* that each new note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof.

Except as described above with respect to a Change of Control, the indenture does not contain provisions that permit the holders of the notes to require that Ball repurchase or redeem the notes in the event of a takeover, recapitalization or similar transaction.

Ball will not be required to make a Change of Control Offer upon a Change of Control Repurchase Event if (1) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control Offer made by Ball and purchases all notes properly tendered and not withdrawn under the Change of Control Offer, or (2) notice of redemption has been given pursuant to the indenture as described above under the caption "—Optional Redemption," unless and until there is a default in payment of the applicable redemption price.

If holders of not less than 90% in aggregate principal amount of the outstanding notes validly tender and do not withdraw such notes in a Change of Control Offer and Ball, or any third-party making a Change of Control Offer in lieu of us as described above, purchases all of the notes validly tendered and not withdrawn by such holders, Ball or such third party will have the right, upon not less than 10 days nor more than 60 days' prior notice, to redeem all notes that remain outstanding following such purchase on a date (the "Second Change of Control Payment Date") at a price in cash equal to 101% of the aggregate principal amount of notes repurchased plus any accrued and unpaid interest on the notes repurchased to, but excluding, the Second Change of Control Payment Date; provided that such notice is given not more than 30 days following such purchase pursuant to the Change of Control Offer described above.

The definition of Change of Control includes a phrase relating to the sale, transfer, conveyance or other disposition of “all or substantially all” of the assets of Ball and its Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require Ball to repurchase the notes as a result of a sale, transfer, conveyance or other disposition of less than all of the assets of Ball and its Subsidiaries taken as a whole to another Person or group may be uncertain.

Selection and Notice

If less than all of the notes are to be redeemed at any time, the trustee (or the registrar, as applicable) will select notes for redemption by lot, or, in the case of notes issued in global form as discussed under “Book-Entry Procedures” based on the applicable procedures described therein. Neither the trustee nor the registrar shall be liable for selections made by the trustee or registrar, as applicable, in accordance with this paragraph.

No notes of \$2,000 or less can be redeemed in part. Notices of redemption will be mailed by first class mail or delivered through the applicable procedures of the depositary at least 10 but not more than 60 days before the redemption date to each holder of notes to be redeemed at its registered address, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the notes or a satisfaction and discharge of the indenture.

Any notice of any redemption may, at Ball’s discretion, be subject to one or more conditions precedent, including, but not limited to, completion of a sale of common stock or other corporate transaction. In addition, if such redemption or notice is subject to satisfaction of one or more conditions precedent, such notice shall state that, in Ball’s discretion, the redemption date may be delayed until such time as any or all such conditions shall be satisfied (or waived by Ball in its sole discretion), or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been satisfied by the redemption date, or by the redemption date so delayed and such redemption provisions may be adjusted to comply with the requirements of the depositary.

All notices to the holders of the notes regarding the notes will be mailed to them at their respective addresses in the register of the notes and will be deemed to have been given on the fourth business day after the date of mailing.

For notes which are represented by global certificates held on behalf of Euroclear Bank SA/NV (“Euroclear”) or Clearstream Banking, S.A. (“Clearstream”), notices may be given by delivery of the relevant notices to Euroclear or Clearstream for communication to entitled account holders in substitution for the aforesaid mailing.

Certain Covenants

Limitation on Liens

Ball will not, nor will it permit any of its Restricted Subsidiaries to, create, incur or assume any Lien (other than Permitted Liens) upon any Principal Property or upon the Capital Stock or Indebtedness of any of its Subsidiaries, in each case to secure Indebtedness of the Company, any Subsidiary of the Company or any other Person, without securing the notes (together with, at the option of Ball, any other Indebtedness of Ball or any Subsidiary ranking equally in right of payment with the notes) equally and ratably with or, at the option of Ball, prior to, such other Indebtedness for so long as such other Indebtedness is so secured.

Any Lien that is granted to secure the notes under this covenant shall be automatically released and discharged at the same time as the release of the Lien that gave rise to the obligation to secure the notes under this covenant.

“Permitted Liens” means:

- (1) Liens securing Indebtedness on any Principal Property existing at the time of its acquisition and Liens on any Principal Property created contemporaneously with or within 270 days after (or created pursuant to firm commitment financing arrangements obtained within that period) the later of

- (a) the acquisition or completion of construction or completion of the reconstruction, renovation, remodeling, expansion or improvement (each, a “substantial improvement”) of such Principal Property or (b) the placing in operation of such Principal Property after the acquisition or completion of any such construction or substantial improvement;
- (2) Liens on property or assets or shares of Capital Stock or Indebtedness of a Person existing at the time it is merged, combined or amalgamated with or into or consolidated with, or its assets or Capital Stock are acquired by, Ball or any of its Subsidiaries or it otherwise becomes a Subsidiary of Ball; *provided, however*, that in each case (a) the Indebtedness secured by such Lien was not incurred in contemplation of such merger, combination, amalgamation, consolidation, acquisition or transaction in which such Person becomes a Subsidiary of Ball and (b) such Lien extends only to the Capital Stock and assets of such Person (and Subsidiaries of such Person) and/or to property other than Principal Property or the Capital Stock or Indebtedness of any Subsidiary of Ball;
 - (3) Liens securing Indebtedness in favor of Ball and/or one or more of its Subsidiaries;
 - (4) Liens in favor of or required by a governmental unit in any relevant jurisdiction, including any departments or instrumentality thereof, to secure payments under any contract or statute, or to secure debts incurred in financing the acquisition or construction of or improvements or alterations to property subject thereto;
 - (5) Liens in favor of any customer arising in respect of and not exceeding the amount of performance deposits and partial, progress, advance or other payments by that customer for goods produced or services rendered to that customer in the ordinary course of business and consignment arrangements (whether as consignor or as consignee) or similar arrangements for the sale or purchase of goods in the ordinary course of business;
 - (6) Liens existing on the date of the Eighteenth Supplemental Indenture;
 - (7) Liens to secure any extension, renewal, refinancing, refunding or replacement (or successive extensions, renewals, refinancings, refundings or replacements), in whole or in part, of any Indebtedness secured by Liens referred to in clauses (1) through (6) above or clauses (10) or (11) below or Liens created in connection with any amendment, consent or waiver relating to such Indebtedness, so long as (a) such Lien is limited to (i) all or part of substantially the same property which secured the Lien extended, renewed, refinanced, refunded or replaced and/or (ii) property other than Principal Property or the Capital Stock or Indebtedness of any Subsidiary of Ball and (b) the amount of Indebtedness secured is not increased (other than by the amount equal to any costs, expenses, premiums, fees or prepayment penalties incurred in connection with any extension, renewal, refinancing, refunding or replacement);
 - (8) Liens in respect of cash in connection with the operation of cash management programs and Liens associated with the discounting or sale of letters of credit and customary rights of set off, banker’s Lien, revocation, refund or chargeback or similar rights under deposit disbursement, concentration account agreements or under the Uniform Commercial Code or arising by operation of law;
 - (9) Liens resulting from the deposit of funds or evidences of Indebtedness in trust for the purpose of defeasing or discharging Indebtedness of Ball or any of its Restricted Subsidiaries, and legal or equitable encumbrances deemed to exist by reason of negative pledges;
 - (10) Liens securing Indebtedness in an aggregate principal amount not to exceed, as of the date such Indebtedness is incurred, the amount that would cause the Consolidated Secured Leverage Ratio of Ball to be greater than 3.00 to 1.00 as of such date of incurrence; or
 - (11) other Liens, in addition to those permitted in clauses (1) through (10) above, securing Indebtedness having an aggregate principal amount (including all outstanding Indebtedness incurred pursuant to clause (7) above to renew, refund, refinance, replace, defease or discharge any Indebtedness incurred pursuant to this clause (11)), measured as of the date of the incurrence of any such Indebtedness (after giving pro forma effect to the application of the proceeds therefrom), taken

together with the amount of all Attributable Debt of Ball and its Restricted Subsidiaries at that time outstanding relating to Sale and Leaseback Transactions permitted under the covenant described below under the caption “— Limitation on Sale and Leaseback Transactions,” not to exceed 15% of the Consolidated Net Tangible Assets of Ball measured as of the date any such Indebtedness is incurred (after giving pro forma effect to the application of the proceeds therefrom and any transaction in connection with which such Indebtedness is being incurred).

For purposes of clauses (10) and (11) above, (a) with respect to any revolving credit facility secured by a Lien, the full amount of Indebtedness that may be borrowed thereunder may, at Ball’s election, be deemed to be incurred at the time any revolving credit commitment thereunder is first extended or increased and will not be deemed to be incurred when such revolving credit facility is drawn upon and (b) if a Lien by Ball or any of its Restricted Subsidiaries is granted to secure Indebtedness that was previously unsecured, such Indebtedness will be deemed to be incurred as of the date such Indebtedness is secured.

Limitation on Sale and Leaseback Transactions

Ball will not, nor will it permit any of its Restricted Subsidiaries to, enter into any arrangement with any other Person pursuant to which Ball or any of its Restricted Subsidiaries leases any Principal Property that has been or is to be sold or transferred by Ball or the Restricted Subsidiary to such other Person (a “Sale and Leaseback Transaction”), except that a Sale and Leaseback Transaction is permitted if Ball or such Restricted Subsidiary would be entitled to incur Indebtedness secured by a Lien on the Principal Property to be leased, without equally and ratably securing the notes, in an aggregate principal amount equal to the Attributable Debt with respect to such Sale and Leaseback Transaction.

In addition, the following Sale and Leaseback Transactions are not subject to the limitation above and the provisions described in “— Limitation on Liens” above:

- (1) temporary leases for a term, including renewals at the option of the lessee, of not more than three years;
- (2) leases between only Ball and a Subsidiary of Ball or only between Subsidiaries of Ball;
- (3) leases where the proceeds from the sale of the subject property are at least equal to the fair market value (as determined in good faith by Ball) of the subject property and Ball applies an amount equal to the net proceeds of the sale to the retirement of long-term Indebtedness or the purchase, construction, development, expansion or improvement of other property or equipment used or useful in its business, within 270 days of the effective date of such sale; *provided* that in lieu of applying such amount to the retirement of long-term Indebtedness, Ball may deliver notes or other debt securities to the trustee for cancellation; and
- (4) leases of property executed by the time of, or within 270 days after the latest of, the acquisition, the completion of construction, development, expansion or improvement, or the commencement of commercial operation, of the subject property.

Merger, Consolidation or Sale of Assets

Ball may not, directly or indirectly: (1) consolidate or merge with or into another Person or (2) sell, assign, transfer, convey or otherwise dispose of all or substantially all of the properties or assets of Ball and its Subsidiaries taken as a whole, in one or more related transactions, to another Person, unless:

- (1) either:
 - (a) Ball is the surviving corporation; or
 - (b) the Person formed by or surviving any such consolidation or merger, if other than Ball, or to which such sale, assignment, transfer, conveyance or other disposition has been made is either a corporation organized or existing under the laws of the United States, any state of the United States or the District of Columbia or, if such Person is not a corporation, a co-obligor of the notes that is a corporation organized or existing under any such laws is added;

- (2) the Person formed by or surviving any such consolidation or merger, if other than Ball, or the Person to which such sale, assignment, transfer, conveyance or other disposition has been made assumes all the obligations of Ball under the notes and the indenture pursuant to agreements reasonably satisfactory to the trustee; and
- (3) immediately after such transaction, no Default or Event of Default exists.

This “Merger, Consolidation or Sale of Assets” covenant will not apply to a merger, consolidation, sale, assignment, transfer, conveyance or other disposition of assets between or among Ball and its Subsidiaries.

Additional Subsidiary Guarantees

If Ball or any of its Subsidiaries acquires or creates another Domestic Subsidiary that is a Restricted Subsidiary after the date of the Eighteenth Supplemental Indenture and such newly acquired or created Domestic Subsidiary guarantees (or is a guarantor of) any other Indebtedness of Ball, then that newly acquired or created Domestic Subsidiary will become a Guarantor and execute a supplemental indenture within 20 business days of the date on which it was acquired or created or such later date on which it guarantees (or is a guarantor of) such other Indebtedness of Ball; *provided* that this covenant does not apply to any Excluded Subsidiary for so long as it continues to constitute an Excluded Subsidiary.

Reports

Whether or not required by the rules and regulations of the SEC, so long as any notes are outstanding, Ball will furnish to the trustee and the holders of notes or cause the trustee to furnish to the holders of the notes (or file with the SEC for public availability), within the time periods specified in the SEC’s rules and regulations (giving effect to applicable grace periods):

- (1) all quarterly and annual financial information that would be required to be contained in a filing with the SEC on Forms 10-Q and 10-K if Ball were required to file such Forms, including a “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and, with respect to the annual information only, a report on the annual financial statements by Ball’s certified independent accountants; and
- (2) all current reports that would be required to be filed with the SEC on Form 8-K if Ball were required to file such reports.

In addition, whether or not required by the SEC, Ball will file a copy of all of the information and reports referred to in clauses (1) and (2) above with the SEC for public availability within the time periods specified in the SEC’s rules and regulations (giving effect to applicable grace periods) unless the SEC will not accept such a filing, and make such information available to securities analysts and prospective investors upon request.

In addition, for so long as any notes remain outstanding, Ball and the Guarantors will furnish to the holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

If Ball is no longer subject to the periodic reporting requirements of the Exchange Act for any reason, Ball will nevertheless continue filing the reports specified in the preceding paragraphs of this covenant with the SEC within the time periods specified above that are applicable to a non-accelerated filer unless the SEC will not accept such a filing. Ball agrees that it will not take any action for the purpose of causing the SEC not to accept any such filings. If, notwithstanding the foregoing, the SEC will not accept Ball’s filings for any reason, Ball will post the reports referred to in the preceding paragraphs on its website within the time periods that would apply if Ball were required to file those reports with the SEC.

At any time when Ball is no longer subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, none of such reports will be required to (i) comply with Section 302, 404 and 906 of the Sarbanes-Oxley Act of 2002, or related Items 307 and 308 of Regulation S-K promulgated by the SEC, or Item 10(e) of Regulation S-K (with respect to any non-GAAP financial measures contained therein),

- (ii) contain the information required by Items 201, 402, 403, 405, 406, 407, 701 or 703 of Regulation S-K,
- (iii) contain the separate financial information contemplated by Rules 3-10, 3-16, 13-01 or 13-02 of Regulation S-X promulgated by the SEC (or any successor rules) and (iv) provide financial statements in interactive data format using the extensible Business Reporting Language.

Events of Default and Remedies

Each of the following is an “Event of Default” with respect to the notes:

- (1) default for 30 days in the payment when due of interest on the notes;
- (2) default in payment when due of the principal of, or premium, if any, on the notes;
- (3) failure by Ball for 30 days after notice specifying the default from the trustee or holders of at least 25% of the aggregate principal amount of the then outstanding notes to comply with the provisions described under the captions “— Repurchase at the Option of Holders Upon a Change of Control”;
- (4) failure by Ball or any of its Subsidiaries for 60 days after notice specifying the default from the trustee or holders of at least 25% of the aggregate principal amount of the then outstanding notes to comply with any of the other agreements in the indenture or the notes;
- (5) default under any Indebtedness for money borrowed by Ball or any of its Subsidiaries (other than a receivables securitization entity) (or the payment of which is guaranteed by Ball or any of its Subsidiaries (other than a receivables securitization entity)) whether such Indebtedness or guarantee now exists, or is created after the date of the Eighteenth Supplemental Indenture, as applicable, if that default:
 - (a) is caused by a failure to pay principal on such Indebtedness at its final stated maturity (or on or before the expiration of any grace period provided in such Indebtedness on the date of such default) (a “Payment Default”); or
 - (b) results in the acceleration of such Indebtedness prior to its express maturity; and
 - (c) in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there is a Payment Default or the maturity of which has been so accelerated, aggregates \$250 million or more or its foreign currency equivalent, and in each case Ball has received notice specifying the default from the trustee or holders of at least 25% of the aggregate principal amount of the then outstanding notes and thereafter do not cure the default within 30 days;
- (6) failure by Ball or any of its Subsidiaries to pay final judgments aggregating in excess of \$250 million or its foreign currency equivalent, excluding amounts covered by insurance, which judgments are not paid, discharged or stayed for a period of 60 days;
- (7) any subsidiary guarantee of a Significant Subsidiary is held in any judicial proceeding to be unenforceable or invalid or ceases for any reason to be in full force and effect, or any Guarantor that is a Significant Subsidiary, or any Person acting on behalf of any Guarantor that is a Significant Subsidiary, denies or disaffirms its obligations under its subsidiary guarantee, in each case except as permitted by the indenture; and
- (8) certain events of bankruptcy or insolvency described in the indenture with respect to Ball or any of its Subsidiaries that is a Significant Subsidiary.

In the case of an Event of Default arising from certain events of bankruptcy or insolvency, with respect to Ball or any Subsidiary of Ball that is a Significant Subsidiary, all outstanding notes will become due and payable immediately without further action or notice. Under certain circumstances, holders of a majority in principal amount of the then outstanding notes may rescind any such acceleration with respect to the notes and its consequences. If any other Event of Default occurs and is continuing, the

trustee or the holders of at least 25% in principal amount of the then outstanding notes may declare the notes to be due and payable immediately.

Holders of the notes may not enforce the indenture or the notes except as provided in the indenture. Subject to certain limitations, holders of a majority in aggregate principal amount of the then outstanding notes may direct the trustee in its exercise of any trust or power. The trustee may withhold from holders of the notes notice of any continuing Default or Event of Default if it determines that withholding notice is in their interest, except a Default or Event of Default relating to the payment of principal or interest.

Subject to the provisions of the indenture relating to the duties of the trustee, in case an Event of Default occurs and is continuing, the trustee will be under no obligation to exercise any of the rights or powers under the indenture at the request or direction of any holders of notes unless such holders have offered to the trustee indemnity or security satisfactory to the trustee against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium, if any, or interest when due, no holder of a note may pursue any remedy with respect to the indenture or the notes unless:

- (1) such holder has previously given the trustee notice that an Event of Default is continuing;
- (2) holders of at least 25% in aggregate principal amount of the then outstanding notes have requested the trustee to pursue the remedy;
- (3) such holders have offered the trustee security or indemnity satisfactory to the trustee against any loss, liability or expense;
- (4) the trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity; and
- (5) holders of a majority in aggregate principal amount of the then outstanding notes have not given the trustee a direction inconsistent with such request within such 60-day period.

The holders of a majority in aggregate principal amount of the then outstanding notes by notice to the trustee may on behalf of the holders of all of the notes rescind any acceleration or waive any existing Default or Event of Default and its consequences under the indenture except a continuing Default or Event of Default in the payment of interest on, or the principal of, the notes.

Ball is required to deliver to the trustee annually a statement regarding compliance with the indenture. Within five business days after an officer becomes aware of any Default or Event of Default, Ball is required to deliver to the trustee a statement specifying such Default or Event of Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of Ball or any Guarantor, as such, will have any liability for any obligations of Ball or the Guarantors under the notes, the indenture, the subsidiary guarantees, or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Legal Defeasance and Covenant Defeasance

Ball may, at its option and at any time elect to have all of its obligations discharged with respect to the outstanding notes and all obligations of the Guarantors discharged with respect to their subsidiary guarantees ("Legal Defeasance") except for:

- (1) the rights of holders of outstanding notes to receive payments in respect of the principal of, or interest or premium on such notes when such payments are due from the trust referred to below;
- (2) Ball's obligations with respect to the notes concerning issuing temporary notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust;

- (3) the rights, powers, trusts duties and immunities of the trustee, and Ball's and the Guarantors' obligations in connection therewith; and
- (4) the Legal Defeasance and Covenant Defeasance (as defined herein) provisions of the indenture.

In addition, Ball may, at its option and at any time, elect to have the obligations of Ball and its Subsidiaries released with respect to certain covenants (including its obligation to make Change of Control Offers) that are described in the indenture ("Covenant Defeasance") and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the notes. In the event Covenant Defeasance occurs, certain events, not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events, described under "— Events of Default and Remedies" will no longer constitute an Event of Default with respect to the notes. If Ball exercises its Legal Defeasance option, each Guarantor will be released from all of its obligations with respect to its Guarantee. Ball may exercise its Legal Defeasance option notwithstanding its prior exercise of its Covenant Defeasance option.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- (1) Ball must irrevocably deposit with the trustee, in trust, for the benefit of the holders of the notes, cash in U.S. dollars, non-callable U.S. government securities, or a combination of cash in U.S. dollars and non-callable U.S. government securities, in amounts as will be sufficient, in the opinion of a nationally recognized investment bank, appraisal firm of independent public accountants, to pay the principal of, or interest and premium on the outstanding notes on the Stated Maturity or on the applicable Redemption Date, as the case may be, and Ball must specify whether the notes are being defeased to maturity or to a particular Redemption Date;
- (2) in the case of Legal Defeasance, Ball has delivered to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that (a) Ball has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the date of the Eighteenth Supplemental Indenture there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the owners for U.S. federal income tax purposes of the outstanding notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;
- (3) in the case of Covenant Defeasance, Ball has delivered to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that the owners for U.S. federal income tax purposes of the outstanding notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;
- (4) no Default or Event of Default has occurred and is continuing on the date of such deposit, other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit (and any similar concurrent deposit relating to other Indebtedness), and the granting of Liens to secure such borrowings;
- (5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than the indenture and the agreements governing any other Indebtedness being defeased, discharged or replaced) to which Ball or any of its Subsidiaries is a party or by which Ball or any of its Subsidiaries is bound;
- (6) Ball must deliver to the trustee an officers' certificate stating that the deposit was not made by Ball with the intent of preferring the holders of notes over the other creditors of Ball with the intent of defeating, hindering, delaying or defrauding creditors of Ball or others; and
- (7) Ball must deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the indenture or the subsidiary guarantees may be amended or supplemented with the consent of the holders of at least a majority in aggregate principal amount of the then outstanding notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, such notes) and any existing Default or Event of Default or compliance with any provision of the indenture or the notes or the subsidiary guarantees may be waived with the consent of the holders of a majority in aggregate principal amount of the then outstanding notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, the notes).

Without the consent of each holder of notes, an amendment, supplement or waiver may not (with respect to any notes held by a non-consenting holder):

- (1) reduce the principal amount of notes whose holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change the fixed maturity of any note or alter or waive the provisions with respect to the redemption of the notes (other than provisions relating to the covenants described above under the caption “— Repurchase at the Option of Holders Upon a Change of Control Repurchase Event”);
- (3) reduce the rate of or change the time for payment of interest on any note, including default interest;
- (4) waive a Default or Event of Default in the payment of principal of, or interest or premium on, the notes, except a rescission of acceleration of the notes by the holders of at least a majority in aggregate principal amount of the then outstanding notes and a waiver of the payment default that resulted from such acceleration;
- (5) make any note payable in money other than that stated in the notes;
- (6) make any change in the provisions of the indenture relating to waivers of past Defaults or the rights of holders of notes to receive payments of principal of, or interest or premium on the notes;
- (7) release any Guarantor that is a Significant Subsidiary from any of its obligations under its subsidiary guarantee or the indenture, except in accordance with the terms of the indenture; or
- (8) make any change in the preceding amendment and waiver provisions.

Notwithstanding the preceding, without the consent of any holder or holders of notes, Ball, the Guarantors and the trustee may amend or supplement the indenture, the notes or a subsidiary guarantee:

- (1) to cure any ambiguity, defect or inconsistency;
- (2) to provide for uncertificated notes in addition to or in place of certificated notes; *provided* that such uncertificated notes are issued in registered form under Section 163(f)(5) of the Code (as defined herein);
- (3) to provide for the assumption of Ball’s or a Guarantor’s obligations to holders of notes in the case of a merger or consolidation or sale of all or substantially all of Ball’s or such Guarantor’s assets, as applicable;
- (4) to make any change that would provide any additional rights or benefits to the holders of notes or that does not adversely affect the legal rights under the indenture of any such holder in any material respect;
- (5) to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act, to provide for the issuance of additional notes in accordance with the indenture or to allow any Guarantor to execute a supplemental indenture and/or a subsidiary guarantee with respect to the notes;

- (6) to conform the text of the indenture, the subsidiary guarantees, or the notes to any provision of this Description of Notes to the extent that such provision in this Description of Notes was intended to be a verbatim recitation of a provision of the indenture, the subsidiary guarantees or the notes;
- (7) to evidence and provide for the acceptance of appointment by a successor trustee;
- (8) to add guarantees with respect to the notes;
- (9) to secure the notes; and
- (10) to release any Lien granted in favor of the holders of the notes pursuant to the covenant described in “— Certain Covenants — Limitation on Liens” upon release of the Lien securing the underlying obligation that gave rise to such Lien.

The consent of the holders is not necessary under the indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

After an amendment under the indenture becomes effective, Ball is required to mail to holders a notice briefly describing such amendment. However, the failure to give such notice to all holders, or any defect therein, will not impair or affect the validity of the amendment.

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect as to all notes issued thereunder when:

- (1) either:
 - (a) all notes that have been authenticated, except lost, stolen or destroyed notes that have been replaced or paid and notes for whose payment money has been deposited in trust and thereafter repaid to Ball, have been delivered to the trustee for cancellation; or
 - (b) all notes that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year and Ball or any Guarantor has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the Holders, cash in U.S. dollars, non-callable U.S. government securities, or a combination of cash in U.S. dollars and non-callable U.S. government securities, in amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the notes not delivered to the trustee for cancellation for principal, premium and accrued interest to the date of maturity or redemption;
- (2) no Default or Event of Default has occurred and is continuing on the date of the deposit or will occur as a result of the deposit and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which Ball or any Guarantor is a party or by which Ball or any Guarantor is bound (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith);
- (3) Ball or any Guarantor has paid or caused to be paid all sums payable by it under the indenture; and
- (4) Ball has delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of all notes at maturity or the Redemption Date, as the case may be.

In addition, Ball must deliver an officers’ certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Concerning the Trustee

If the trustee becomes a creditor of Ball or any Guarantor, the indenture limits the right of the trustee to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such

claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue as trustee (if the indenture has been qualified under the Trust Indenture Act) or resign.

The holders of a majority in principal amount of the then outstanding notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee on behalf of the holders of notes, subject to certain exceptions. The indenture provides that in case an Event of Default occurs and is continuing, the trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any holder of notes, unless such holder has offered to the trustee security and indemnity satisfactory to it against any loss, liability or expense.

Book-Entry Procedures

The notes will initially be represented by one or more global notes in registered, global form. Except as set forth below, the notes will be issued in registered, global form in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. Notes will be issued at the closing of this offering only against payment in immediately available funds. The global notes will be deposited upon issuance with the trustee as custodian for The Depository Trust Company (“DTC”) in New York, New York, and registered in the name of DTC or its nominee, in each case, for credit to an account of a direct or indirect participant in DTC as described below.

Except as set forth below, the global notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the global notes may not be exchanged for notes in certificated form except in the limited circumstances described below. See “— Exchange of Global Notes for Certificated Notes.” Except in the limited circumstances described below, owners of beneficial interests in the global notes will not be entitled to receive physical delivery of notes in certificated form.

Depository Procedures

The following description of the operations and procedures of DTC is provided solely as a matter of convenience. These operations and procedures are solely within the control of DTC and are subject to changes by it. Ball takes no responsibility for these operations and procedures and urges investors to contact DTC or its participants directly to discuss these matters.

DTC has advised Ball that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the “Participants”) and to facilitate the clearance and settlement of transactions in those securities between Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations and certain other organizations. Access to DTC’s system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the “Indirect Participants”). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised Ball that, pursuant to procedures established by it:

- (1) upon deposit of the global notes, DTC will credit the accounts of the Participants designated by the underwriters with portions of the principal amount of the global notes; and
- (2) ownership of these interests in the global notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interest in the global notes).

Investors in the global notes who are Participants may hold their interests therein directly through DTC. Investors in the global notes who are not Participants may hold their interests therein indirectly through organizations which are Participants. All interests in a global note may be subject to the procedures and requirements of DTC. The laws of some states require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a global note to such Persons will be limited to that extent. Because DTC can act only on behalf of Participants, which in turn act on behalf of Indirect Participants, the ability of a Person having beneficial interests in a global note to pledge such interests to Persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of interests in the global notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or “Holders” thereof under the indenture for any purpose.

Payments in respect of the principal of, and interest and premium, if any, on a global note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the indenture. Under the terms of the indenture, Ball and the trustee will treat the Persons in whose names the notes, including the global notes, are registered as the owners of the notes for the purpose of receiving payments and for all other purposes. Consequently, neither Ball, the trustee nor any agent of Ball or the trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC’s records or any Participant’s or Indirect Participant’s records relating to, or payments made on account of, beneficial ownership interest in the global notes or for maintaining, supervising or reviewing any of DTC’s records or any Participant’s or Indirect Participant’s records relating to the beneficial ownership interests in the global notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised Ball that its current practice, upon receipt of any payment in respect of securities such as the notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe that it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the trustee or Ball. Neither Ball nor the trustee will be liable for any delay by DTC or any of its Participants in identifying the beneficial owners of the notes, and Ball and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between the Participants will be effected in accordance with DTC’s procedures, and will be settled in same-day funds.

DTC has advised Ball that it will take any action permitted to be taken by a holder of notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the notes, DTC reserves the right to exchange the global notes for legended notes in certificated form, and to distribute such notes to its Participants.

Although DTC has agreed to the foregoing procedures to facilitate transfers of interests in the global notes among participants in DTC, DTC is under no obligation to perform or to continue to perform such procedures and may discontinue such procedures at any time. Neither Ball nor the trustee nor any of their respective agents will have any responsibility for the performance by DTC or its Participants or Indirect Participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A global note is exchangeable for definitive notes in registered certificated form (“Certificated Notes”) if:

- (1) DTC (a) notifies Ball that it is unwilling or unable to continue as depositary for the global notes and Ball fails to appoint a successor depositary or (b) has ceased to be a clearing agency registered under the Exchange Act;
- (2) Ball, at its option, notifies the trustee in writing that it elects to cause the issuance of the Certificated Notes; or
- (3) there has occurred and is continuing a Default or Event of Default with respect to the notes.

In addition, beneficial interests in a global note may be exchanged for Certificated Notes upon prior written notice given to the trustee by or on behalf of DTC in accordance with the indenture. In all cases, Certificated Notes delivered in exchange for any global note or beneficial interests in global notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depositary (in accordance with its customary procedures).

Same Day Settlement and Payment

Ball will make payments in respect of the notes represented by the global notes (including principal, premium, if any, and interest) by wire transfer of immediately available funds to the accounts specified by DTC or its nominee. Ball will make all payments of principal, interest and premium, if any, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such holder’s registered address. The notes represented by the global notes are expected to be eligible to trade in DTC’s Same-Day Funds Settlement System, and any permitted secondary market trading activity in such notes will, therefore, be required by DTC to be settled in immediately available funds. Ball expects that secondary trading in any Certificated Notes will also be settled in immediately available funds.

Certain Definitions

Set forth below are certain defined terms used in the indenture. Reference is made to the indenture for a full disclosure of all defined terms used therein, as well as any other capitalized terms used herein for which no definition is provided.

“Attributable Debt” means, with respect to any Sale and Leaseback Transaction, at the time of determination, the lesser of (1) the sale price of the property so leased *multiplied by* a fraction the numerator of which is the remaining portion of the base term of the lease included in such transaction and the denominator of which is the base term of such lease, and (2) the total obligation (discounted to the present value at the implicit interest factor, determined in accordance with GAAP, included in the rental payments) of the lessee for rental payments (other than amounts required to be paid on account of property taxes as well as maintenance, repairs, insurance, water rates and other items which do not constitute payments for property rights) during the remaining portion of the base term of the lease included in such transaction.

Notwithstanding the foregoing, if such Sale and Leaseback Transaction results in a Finance Lease Obligation, the amount of Indebtedness represented thereby will be determined in accordance with the definition of “Finance Lease Obligation.”

“Beneficial Owner” has the meaning assigned to such term in Rule 13d-3 and Rule 13d-5 under the Exchange Act, except that in calculating the beneficial ownership of any particular “person” (as that term is used in Section 13(d)(3) of the Exchange Act), such “person” will be deemed to have beneficial ownership of all securities that such “person” has the right to acquire by conversion or exercise of other securities, whether such right is currently exercisable or is exercisable only upon the occurrence of a subsequent condition. The terms “Beneficially Owns” and “Beneficially Owned” have a corresponding meaning.

Notwithstanding the preceding or any provision of Rule 13d-3 or 13d-5 of the Exchange Act, a person or group shall not be deemed to beneficially own Voting Stock subject to a stock or asset purchase agreement,

merger agreement, option agreement, warrant agreement or similar agreement (or voting, support, option or similar agreement related thereto) until the consummation of the acquisition of the Voting Stock in connection with the transactions contemplated by such agreement.

“Board of Directors” means:

- (1) with respect to a corporation, the board of directors of the corporation or any committee thereof duly authorized to act on behalf of such board;
- (2) with respect to a partnership, the Board of Directors of the general partner of the partnership;
- (3) with respect to a limited liability company, the managing member or members or any controlling committee of managing members or managers thereof; and

Notwithstanding the foregoing, a transaction will not be deemed to involve a Change of Control if (a) Ball becomes a direct or indirect wholly owned Subsidiary of a holding company and (b)(1) the direct or indirect holders of the Voting Stock of such holding company immediately following that transaction are substantially the same as the holders of Ball’s Voting Stock immediately prior to that transaction or (2) immediately following that transaction no person (other than a holding company satisfying the requirements of this sentence) is the beneficial owner, directly or indirectly, of more than 50% of the Voting Stock of such holding company.

shall be deemed to have occurred on the first day of the four-quarter reference period and Consolidated Cash Flow for such reference period will be calculated without giving effect to clause (3) of the proviso set forth in the definition of Consolidated Net Income; and

- (2) the Consolidated Cash Flow attributable to discontinued operations, as determined in accordance with GAAP, and operations or businesses disposed of prior to the Calculation Date, will be excluded;

provided that to the extent that clause (1) or (2) of this paragraph requires that pro forma effect be given to an acquisition, disposition or discontinued operations, as applicable, such pro forma calculation shall be made in good faith by a responsible financial or accounting officer of Ball (and may include, for the avoidance of doubt and without duplication, cost savings, synergies and operating expense resulting from such acquisition whether or not such cost savings, synergies or operating expense reductions would be allowed under Regulation S-X promulgated by the SEC or any other regulation or policy of the SEC).

“Rating Agency” means (1) each of Moody’s, S&P and Fitch and (2) if any of Moody’s, S&P or Fitch ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of Ball’s control, a “nationally recognized statistical rating organization” within the meaning of Rule 15c3-1(c)(2)(vi) (F) under the Exchange Act, selected by Ball as a replacement agency for Moody’s, S&P, or Fitch or each of them, as the case may be.

“Voting Stock” of any specified Person as of any date means the Capital Stock of such Person that is at the time entitled to vote in the election of the Board of Directors of such Person.

UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS FOR NON-U.S. HOLDERS

The following discussion is a summary of U.S. federal income tax considerations generally applicable to the ownership and disposition of the notes to non-U.S. holders (as defined below) that acquire the notes for cash at their original issue price pursuant to this offering. The summary is based on the Internal Revenue Code of 1986, as amended (the “Code”), the regulations promulgated thereunder (“U.S. Treasury Regulations”), judicial decisions, published positions of the Internal Revenue Service (the “IRS”) and other applicable authorities, all as in effect as of the date hereof and all of which are subject to change or differing interpretations (possibly with retroactive effect). The discussion does not address all of the tax considerations that may be relevant to a particular person or to persons subject to special treatment under U.S. federal income tax laws (e.g., financial institutions, insurance companies, controlled foreign corporations, passive foreign investment companies, partnerships or other pass-through entities, expatriates or former long-term residents of the United States, persons subject to any alternative minimum tax, individual retirement accounts or other tax-deferred accounts, broker-dealers or other dealers in securities or currencies, traders in securities that elect to use a mark-to-market method of accounting for their securities holdings, persons holding notes as a position in a “straddle,” or as part of a synthetic security or “hedge,” “conversion transaction,” “constructive sale” or other integrated investment, and tax-exempt organizations). Moreover, this discussion does not address any tax considerations other than U.S. federal income tax considerations. This summary deals only with persons that hold the notes as capital assets within the meaning of the Code (generally, property held for investment). No IRS ruling has been or will be sought regarding any matter discussed herein and no assurance can be given that the IRS would not assert, or that a court would not sustain, a position contrary to any of those set forth below. Holders should consult their tax advisors as to the particular U.S. federal tax considerations to them of the acquisition, ownership and disposition of notes, as well as the effects of other U.S. federal, state, local and non-U.S. tax laws.

For purposes of this summary, a “non-U.S. holder” means any beneficial owner of a note (as determined for U.S. federal income tax purposes), other than a partnership or other pass-through entity for U.S. federal income tax purposes, that is not a “U.S. holder.” A “U.S. holder” means a beneficial owner of a note (as determined for U.S. federal income tax purposes) that is, or is treated as, (i) a citizen or individual resident of the United States, (ii) a corporation (or other entity that is taxable as a corporation for U.S. federal income tax purposes) created or organized in the United States or under the laws of the United States, any state thereof, or the District of Columbia, (iii) an estate the income of which is subject to U.S. federal income taxation regardless of its source or (iv) a trust if (a) a court within the U.S. is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust, or (b) the trust has a valid election in effect under applicable U.S. Treasury Regulations to be treated as a U.S. person.

If a partnership (including any entity treated as a partnership or other pass-through entity for U.S. federal income tax purposes) is a holder of a note, the U.S. federal income tax treatment of a partner in the partnership will generally depend on the status of the partner and the activities of such partnership. Partnerships and other entities or arrangements that are classified as partnerships for U.S. federal income tax purposes and persons holding notes through any such entity or arrangement should consult their tax advisor.

It is anticipated, and this discussion assumes, that the notes will not be issued with more than a de minimis amount of original issue discount.

Payments of interest

A non-U.S. holder will generally not be subject to U.S. federal income or withholding tax on interest paid on a note if the interest is not effectively connected with a U.S. trade or business (and, in the case of certain applicable tax treaties, is not attributable to a permanent establishment or fixed base within the United States); *provided* that the non-U.S. holder:

- (1) does not actually or constructively, directly or indirectly, own 10% or more of the Issuer’s voting stock;
- (2) is not a “controlled foreign corporation” directly or indirectly related to the Issuer; and

- (3) certifies to its non-U.S. status and that no withholding is required pursuant to certain rules discussed below on IRS Form W-8BEN or IRS Form W-8BEN-E (or other applicable form).

Alternatively, a non-U.S. holder that cannot satisfy the above requirements will generally be exempt from U.S. federal withholding tax with respect to interest paid on the notes if the holder establishes that such interest is not subject to withholding tax because it is effectively connected with the non-U.S. holder's conduct of a trade or business in the United States (and, in the case of certain applicable tax treaties, is attributable to a permanent establishment or fixed base within the United States) (generally, by providing an IRS Form W-8ECI).

However, to the extent that such interest is effectively connected with the non-U.S. holder's conduct of a trade or business in the United States (and, in the case of certain applicable tax treaties, is attributable to a permanent establishment or fixed base within the United States), the non-U.S. holder will be subject to U.S. federal income tax on a net basis and, if it is a foreign corporation, may also be subject to a 30% U.S. branch profits tax (or lower treaty rate, if applicable). If a non-U.S. holder does not satisfy the requirements described above, and does not establish that the interest is effectively connected with the non-U.S. holder's conduct of a trade or business in the United States (and, in the case of certain applicable tax treaties, is attributable to a permanent establishment or fixed base within the United States), the non-U.S. holder will generally be subject to U.S. withholding tax on interest payments, currently at a rate of 30%.

To claim an exemption from or a reduced rate of withholding under an applicable tax treaty, a non-U.S. holder must generally provide the applicable withholding agent with a properly executed IRS Form W-8BEN or W-8BEN-E (or appropriate substitute form).

The certifications described above must be provided to the applicable withholding agent prior to the payment of interest and must be updated periodically. Non-U.S. holders that do not timely provide the applicable withholding agent with the required certification, but that qualify for a reduced rate under an applicable income tax treaty, may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for refund with the IRS. Non-U.S. holders should consult their tax advisors regarding their entitlement to benefits under any applicable income tax treaty.

Disposition of a Note

A non-U.S. holder will generally not be subject to U.S. federal income taxation with respect to gain realized on the sale, exchange or other disposition of a note (except to the extent such amount is attributable to accrued but unpaid stated interest, which would be taxable as described above), unless:

- (1) the gain is effectively connected with the conduct by the Non-U.S. holder of a trade or business in the United States (and, if an applicable treaty so requires, is attributable to the conduct of a trade or business through a permanent establishment or fixed base in the United States); or
- (2) in the case of an individual, such individual is present in the United States for 183 days or more during the taxable year in of the disposition and certain other conditions are satisfied.

If the first exception applies, the non-U.S. holder will generally be subject to U.S. federal income tax on a net basis and, if it is a foreign corporation, may be subject to a 30% U.S. branch profits tax (or lower applicable treaty rate). If the second exception applies, the non-U.S. holder will generally be subject to U.S. federal income tax at a rate of 30% (or at a reduced rate under an applicable income tax treaty) on the amount by which such non-U.S. Holder's capital gains allocable to U.S. sources (including gains from the sale, exchange, or other disposition of the notes) exceed its timely reported capital losses allocable to U.S. sources.

FATCA

Withholding at a rate of 30% will generally be required in certain circumstances on interest payments in respect of notes held by or through certain foreign financial institutions (including investment funds) unless such institution (i) enters into, and complies with, an agreement with the IRS to report, on an annual basis, information with respect to interests in, and accounts maintained by, the institution that are owned by certain U.S. persons and by certain non-U.S. entities that are wholly or partially owned by U.S. persons and to withhold on certain payments, or (ii) if required under an intergovernmental agreement between the

United States and an applicable foreign country, reports such information to its local tax authority, which will exchange such information with the U.S. authorities. An intergovernmental agreement between the United States and an applicable foreign country, or other guidance, may modify these requirements. Accordingly, the entity through which the notes are held will affect the determination of whether such withholding is required. Similarly, in certain circumstances, interest payments in respect of notes held by an investor that is a non-financial non-U.S. entity that does not qualify under certain exemptions will generally be subject to withholding at a rate of 30%, unless such entity either (i) certifies that such entity does not have any “substantial United States owners” or (ii) provides certain information regarding the entity’s “substantial United States owners,” which we will in turn provide to the IRS. We will not pay any additional amounts to non-U.S. holders in respect of any amounts withheld. Prospective investors should consult their tax advisors regarding the possible implications of these rules on their investment in the notes.

We have also agreed to reimburse the underwriters for certain of their expenses in an amount up to \$15,000.

New Issue of Notes

The notes are a new issue of securities with no established trading market. We do not intend to apply for listing of the notes on any national securities exchange or for inclusion of the notes on any automated dealer quotation system.

We cannot assure you that an active trading market for the notes will develop. We have been advised by the underwriters that they presently intend to make a market in the notes after completion of the offering. However, they are under no obligation to do so and may discontinue any market-making activities at any time without any notice. We cannot assure the liquidity of the trading market for the notes or that an active public market for the notes will develop. If an active public trading market for the notes does not develop, the market price and liquidity of the notes may be adversely affected. If the notes are traded, they may trade at a discount from their initial offering price, depending on prevailing interest rates, the market for similar securities, our operating performance and financial condition, general economic conditions and other factors.

Short Positions

In connection with the offering, the underwriters may purchase and sell the notes in the open market. These transactions may include short sales and purchases on the open market to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater principal amount of notes than they are required to purchase in the offering. The underwriters must close out any short position by purchasing notes in the open market. A short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the notes in the open market after pricing that could adversely affect investors who purchase in the offering. The underwriters also may impose a penalty bid.

This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the underwriter has repurchased notes sold by or for the account of such underwriter in stabilizing or short covering transactions.

Similar to other purchase transactions, the underwriters' purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of the notes or preventing or retarding a decline in the market price of the notes. As a result, the price of the notes may be higher than the price that might otherwise exist in the open market.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither we nor any of the underwriters make any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Other Relationships

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for us, for which they received or will receive customary fees and expenses. For example, an affiliate of Deutsche Bank

Securities Inc. is the administrative agent and collateral agent under the Amended Credit Agreement. In addition, (i) BofA Securities, Inc., Goldman Sachs & Co. LLC, Citigroup Global Markets Inc., Morgan Stanley & Co. LLC, Deutsche Bank Securities Inc., Mizuho Securities USA LLC, SMBC Nikko Securities America, Inc., BNP Paribas Securities Corp., Credit Agricole Securities (USA) Inc., Rabo Securities USA, Inc., Santander US Capital Markets LLC, PNC Capital Markets LLC, Scotia Capital (USA) Inc., Academy Securities, Inc., Capital One Securities, Inc., KeyBanc Capital Markets Inc., Huntington Securities, Inc. and TD Securities (USA) LLC, or their affiliates, are lenders under our U.S. dollar revolving credit facility and (ii) BofA Securities, Inc., Goldman Sachs & Co. LLC, Citigroup Global Markets Inc., Morgan Stanley & Co. LLC, Deutsche Bank Securities Inc., Mizuho Securities USA LLC, SMBC Nikko Securities America, Inc., BNP Paribas Securities Corp., Credit Agricole Securities (USA) Inc., Rabo Securities USA, Inc., Santander US Capital Markets LLC, UniCredit Capital Markets LLC, PNC Capital Markets LLC, Scotia Capital (USA) Inc., Academy Securities, Inc., Capital One Securities, Inc., KeyBanc Capital Markets Inc., Huntington Securities, Inc. and TD Securities (USA) LLC, or their affiliates, are lenders under our multi-currency revolving credit facility and, as a result, may receive a portion of the net proceeds from this offering. See “Use of Proceeds.” Certain of the underwriters or their affiliates may have other lending or credit arrangements with us, including under our accounts receivable factoring program. We have also entered into certain derivative hedging transactions with some of the underwriters. An affiliate of Deutsche Bank Securities Inc. is the trustee under the indenture that will govern the notes offered hereby.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities), commodities, currencies, credit default swaps and other financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. Certain of the underwriters or their affiliates have a lending relationship with us, and certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Settlement

We expect that delivery of the notes will be made against payment therefor on or about the business day following the date of confirmation of orders with respect to the notes (this settlement cycle being referred to as “T+ ”). Under Rule 15c6-1 of the Exchange Act trades in the secondary market generally are required to settle in one business day, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes prior to the delivery of the notes hereunder will be required, by virtue of the fact that the notes initially will settle T+ , to specify an alternative settlement cycle at the time of any such trade to prevent a failed settlement.

Purchasers of the notes who wish to trade the notes prior to their date of delivery hereunder should consult their own advisors.

This prospectus supplement has been prepared on the basis that any offer of notes into the UK will be made pursuant to an exemption under Regulation (EU) 2017/1129 as it forms part of domestic law in the UK by virtue of the EUWA (as amended, the “UK Prospectus Regulation”) from the requirement to publish a prospectus for offers of notes. DESCRIPTION OF DEBT SECURITIES AND GUARANTEES

We may offer secured or unsecured debt securities, which may be convertible. Our debt securities and any related guarantees will be issued under an indenture, dated November 27, 2015, between us and Deutsche Bank Trust Company Americas, as trustee, as amended from time to time. The debt securities will be structurally subordinated to all existing and future liabilities, including trade payables, of our subsidiaries that do not guarantee the debt securities, and the claims of creditors of those subsidiaries, including trade creditors, will have priority as to the assets and cash flows of those subsidiaries.

We have summarized certain general features of the debt securities from the indenture. A copy of the indenture is attached as an exhibit to the registration statement of which this prospectus forms a part. The following description of the terms of the debt securities and the guarantees sets forth certain general terms and provisions. The particular terms of the debt securities and guarantees offered by any prospectus supplement (including which indenture such securities will be governed by) and the extent, if any, to which such general provisions may apply to the debt securities and guarantees will be described in the related prospectus supplement. Accordingly, for a description of the terms of a particular issue of debt securities, reference must be made to both the related prospectus supplement and to the following description.

General

The aggregate principal amount of debt securities that may be issued under the indenture is unlimited. The debt securities may be issued in one or more series as may be authorized from time to time.

Reference is made to the applicable prospectus supplement for the following terms of the debt securities (if applicable):

- title and aggregate principal amount;
- whether such securities will be senior or subordinated;
- applicable subordination provisions, if any;
- whether such securities will be entitled to the benefits of the guarantees or any other form of guarantee;
- conversion or exchange into other securities;
- whether such securities will be secured or unsecured, and if secured, what the collateral will consist of;
- percentage or percentages of principal amount at which such securities will be issued;
- maturity date(s);
- interest rate(s) or the method for determining the interest rate(s);
- dates on which interest will accrue or the method for determining dates on which interest will accrue and dates on which interest will be payable;
- redemption (including upon a “change of control”) or early repayment provisions;
- authorized denominations;
- form;
- amount of discount or premium, if any, with which such securities will be issued;
- whether such securities will be issued in whole or in part in the form of one or more global securities;
- identity of the depositary for global securities;
- whether a temporary security is to be issued with respect to such series and whether any interest payable prior to the issuance of definitive securities of the series will be credited to the account of the persons entitled thereto;
- the terms upon which beneficial interests in a temporary global security may be exchanged in whole or in part for beneficial interests in a definitive global security or for individual definitive securities;

- conversion or exchange features;
- any covenants applicable to the particular debt securities being issued;
- any defaults and events of default applicable to the particular debt securities being issued;
- currency, currencies or currency units in which the purchase price for, the principal of and any premium and any interest on, such securities will be payable;
- time period within which, the manner in which and the terms and conditions upon which the purchaser of such securities can select the payment currency;
- securities exchange(s) on which such securities will be listed, if any;
- whether any underwriter(s) will act as market maker(s) for such securities;
- extent to which a secondary market for such securities is expected to develop;
- additions to or changes in the events of default with respect to such securities and any change in the right of the applicable trustee or the holders to declare the principal, premium and interest with respect to such securities to be due and payable;
- provisions relating to covenant defeasance and legal defeasance;
- provisions relating to satisfaction and discharge of the applicable indenture;
- provisions relating to the modification of the applicable indenture both with and without the consent of holders of debt securities issued under such indenture; and
- additional terms not inconsistent with the provisions of the indenture.

One or more series of debt securities may be sold at a substantial discount below their stated principal amount, bearing no interest or interest at a rate which at the time of issuance is below market rates. One or more series of debt securities may be variable rate debt securities that may be exchanged for fixed rate debt securities.

United States federal income tax consequences and special considerations, if any, applicable to any such series will be described in the applicable prospectus supplement.

Debt securities may be issued where the amount of principal and/or interest payable is determined by reference to one or more currency exchange rates, commodity prices, equity indices or other factors. Holders of such securities may receive a principal amount or a payment of interest that is greater than or less than the amount of principal or interest otherwise payable on such dates, depending upon the value of the applicable currencies, commodities, equity indices or other factors. Information as to the methods for determining the amount of principal or interest, if any, payable on any date, the currencies, commodities, equity indices or other factors to which the amount payable on such date is linked and certain additional United States federal income tax considerations will be set forth in the applicable prospectus supplement.

The term “debt securities” includes debt securities denominated in U.S. dollars or, if specified in the applicable prospectus supplement, in any other freely transferable currency or units based on or relating to foreign currencies.

We expect most debt securities to be issued in fully registered form without coupons and in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. Subject to the limitations provided in the applicable indenture and in the applicable prospectus supplement, debt securities that are issued in registered form may be transferred or exchanged at the office of the applicable trustee maintained in the Borough of Manhattan, The City of New York or the principal corporate trust office of the applicable trustee, without the payment of any service charge, other than any tax or other governmental charge payable in connection therewith.

Guarantees

Any debt securities may be guaranteed by one or more of our direct or indirect subsidiaries. Each prospectus supplement will describe any guarantees for the benefit of the series of debt securities to which it relates, including required financial information of the subsidiary guarantors, as applicable.

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depositary (the “depositary”) identified in the applicable prospectus supplement. Global securities will be issued in registered form and in either temporary or definitive form. Unless and until it is exchanged in whole or in part for the individual debt securities, a global security may not be transferred except as a whole by the depositary for such global security to a nominee of such depositary or by a nominee of such depositary to such depositary or another nominee of such depositary or by such depositary or any such nominee to a successor of such depositary or a nominee of such successor. The specific terms of the depositary arrangement with respect to any debt securities of a series and the rights of and limitations upon owners of beneficial interests in a global security will be described in the applicable prospectus supplement.

Governing Law

The indenture, the debt securities and the guarantees shall be construed in accordance with and governed by the laws of the State of New York, without giving effect to the principles thereof relating to conflicts of law.

DESCRIPTION OF CAPITAL STOCK

The following is a description of certain material terms of our amended articles of incorporation, bylaws and of certain provisions of Indiana law. The following summary does not purport to be complete and is qualified in its entirety by reference to our amended articles of incorporation and bylaws, copies of which are filed as exhibits to the registration statement of which this prospectus forms a part, and the relevant provisions of Indiana law.

General

Our authorized capital structure consists of:

- 1,100,000,000 shares of common stock, without par value; and
- 15,000,000 shares of preferred stock, without par value.

As of May 2, 2025, there were 277,417,504 shares of common stock and no shares of preferred stock issued and outstanding.

Common Stock

Voting

The holders of our common stock are entitled to one vote for each share held of record on each matter submitted to a vote of shareholders, including the election of directors, and do not have any right to cumulate votes in the election of directors.

Dividends

Subject to the rights and preferences of the holders of any series of preferred stock which may at the time be outstanding, holders of our common stock are entitled to such dividends as our board of directors may declare out of funds legally available.

Liquidation Rights

In the event of any liquidation, dissolution or winding-up of our affairs, after payment of all of our debts and liabilities and subject to the rights and preferences of the holders of any series of our preferred stock, the holders of our common stock will be entitled to receive the distribution of any of our remaining assets.

Other matters

Holders of our common stock have no conversion, preemptive or other subscription rights and there are no redemption rights or sinking fund provisions with respect to the common stock.

Preferred Stock

We are authorized to issue up to 15,000,000 shares of preferred stock in one or more series. Our amended articles of incorporation authorize our board of directors to determine and state the designations and the relative rights (including, if any, conversion rights, participation rights, voting rights, dividend rights and stated, redemption and liquidation values), preferences, limitations and restrictions of each unissued series. All shares of preferred stock of the same series must be identical with each other in all respects. Our board may authorize the issuance of preferred stock with voting or conversion rights that could adversely affect the voting power or other rights of the holders of our common stock.

When we issue preferred stock, we will provide specific information about the particular class or series being offered in a prospectus supplement. This information will include some or all of the following:

- the title or designation of the series;
- the number of shares to be included in the series;

- whether dividends, if any, will be cumulative or noncumulative and the dividend rate of the series;
- the conditions upon which and the dates at which dividends, if any, will be payable, and the relation that such dividends, if any, will bear to the dividends payable on any other class or classes of stock;
- the redemption rights and price or prices, if any, for shares of the series and at whose option such redemption may occur, and any limitations, restrictions or conditions on such redemption;
- the terms and amounts of any sinking fund provided for the purchase or redemption of shares of the series;
- the amounts payable on and the preferences, if any, of shares of the series, in the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of Ball Corporation;
- whether the preferred stock being offered will be listed on any securities exchange;
- if necessary, a discussion of certain federal income tax considerations applicable to the preferred stock being offered;
- the voting rights, in addition to the voting rights provided by law, if any, of the holders of shares of such series; and
- any other relative rights, preferences, limitations and powers not inconsistent with applicable law or our articles of incorporation or bylaws then in effect.

Upon issuance, the shares of preferred stock will be fully paid and nonassessable, which means that its holders will have paid their purchase price in full and we may not require them to pay additional funds.

Certain Anti-Takeover Matters

Certain provisions of our amended articles of incorporation and bylaws, as well as certain provisions of the Indiana Business Corporation Law, may have the effect of encouraging persons considering unsolicited tender offers or other unilateral takeover proposals to negotiate with our board of directors rather than pursue non-negotiated takeover attempts. These provisions include:

Removal of Directors Only for Cause; Filling Vacancies

Our amended articles of incorporation provide that, subject to the right of holders of any series of preferred stock to elect directors, any director may be removed from office, but only for cause and only by the affirmative vote of the holders of at least 75% of the combined voting power of the outstanding shares of our capital stock entitled to vote generally in the election of directors. Our amended articles of incorporation also provide that, subject to the right of holders of any series of preferred stock to elect directors, any newly created directorships resulting from an increase in the number of directors and any vacancy on the board shall be filled by the affirmative vote of a majority of the remaining directors then in office, even though less than a quorum. Any director elected in accordance with the preceding sentence will hold office for the remainder of the full term of the class of directors in which the new directorship was created or the vacancy occurred and until such director's successor shall have been elected and qualified. No decrease in the number of directors constituting the board of directors shall shorten the term of any incumbent director.

The director removal and vacancy provisions restrict the ability of a third party to remove incumbent directors and simultaneously gain control of the board of directors by filling the vacancies created by removal with its own nominees.

Advance Notice Requirements

Our bylaws set forth advance notice procedures with regard to shareholder nomination of candidates for election as directors and shareholder proposals of business to be presented at annual meetings of shareholders. These procedures provide that notice of such shareholder nominations or proposals must be given timely in proper written form to the Secretary of Ball Corporation prior to the meeting at which the shareholder nominee or such business is to be considered. Generally, to be timely, notice must be received at our principal executive offices not less than 90 days nor more than 120 days prior to the meeting. To be in

proper written form, the notice must contain the information required by our bylaws, including information regarding the proposal and the proponent. The advance notice requirements may have the effect of discouraging a potential acquiror from conducting a proxy contest to elect directors or otherwise attempting to influence or gain control of our company.

Special Meetings of Shareholders

Our bylaws do not grant shareholders the right to call a special meeting of shareholders. Under our bylaws, special meetings of shareholders may be called only by our chairman of the board or by the board of directors or as otherwise may be required by law.

Restrictions on Certain Related Party Business Combination Transactions

In order to approve certain business combination transactions involving related parties, our amended articles of incorporation require the affirmative vote of the holders of at least 75% of the then outstanding shares of our capital stock entitled to vote generally in the election of directors. These related party business combination transactions include:

- any merger or consolidation of us or any of our subsidiaries with (1) any related party or (2) any other person or entity who or which is, or after such merger or consolidation would be, an affiliate or associate of the related party;
- any sale, lease, exchange, mortgage, pledge, transfer or other disposition to any related party or an affiliate or associate of a related party of any assets of Ball Corporation or any of our subsidiaries having an aggregate fair market value of \$10,000,000 or more;
- any issuance or transfer by us or any of our subsidiaries of any securities having an aggregate fair market value of \$10,000,000 or more of Ball Corporation or any of our subsidiaries to any related party or an affiliate or associate of a related party in exchange for cash, securities or property (or combination thereof);
- the adoption of any plan or proposal for the liquidation or dissolution of us proposed by or on behalf of a related party or an affiliate or associate of a related party;
- any reclassification of securities or recapitalization of us, or any merger or consolidation of us with any of our subsidiaries or any other transaction that has the effect, either directly or indirectly, of increasing the proportionate share of the outstanding shares of any class of equity or convertible securities of us or any of our subsidiaries that is directly or indirectly owned by any related party or an affiliate or associate of a related party; or
- any agreement, contract or other arrangement providing for any one or more of the transactions mentioned above.

A related party is a person or entity who or which (1) is the beneficial owner of more than 10% of the voting power of our outstanding capital stock entitled to vote generally in the election of directors; or (2) is one of our affiliates or associates and at any time within the two-year period immediately prior to the date in question was the beneficial owner of 10% or more of the voting power of our outstanding capital stock entitled to vote generally in the election of directors; or (3) is an assignee of or has otherwise succeeded to any shares of our voting stock that were at any time within the two-year period immediately prior to the date in question beneficially owned by any related party, if such assignment or succession shall have occurred in the course of a transaction not involving a public offering within the meaning of the Securities Act.

The supermajority voting requirement does not apply, however, if:

- the related party business combination transaction is approved by a majority of directors who are unaffiliated with the related party and who were directors before such person or entity became a related party; or
- specified price, form of consideration and procedural requirements have been met.

Indiana Business Combinations Statute

We are subject to Chapter 43, the Business Combinations Chapter, of the Indiana Business Corporation Law. Our bylaws provide that Chapter 42, the Control Share Acquisition Chapter, of the Indiana Business Corporation Law shall not apply to control share acquisitions of shares of our capital stock.

Subject to exceptions set forth in the Business Combinations Chapter, that Chapter prohibits an Indiana corporation from engaging in certain business combination transactions, including transactions similar to the related party business combination transactions described above, with any interested shareholder for a period of five years following the date that the shareholder first became an interested shareholder, unless the business combination or the purchase of shares made by the interested shareholder on such date is approved by the board of directors of the corporation prior to such date. If prior approval of the board of directors is not obtained, several price and procedural requirements must be met before the business combination may be completed.

In general, the Business Combinations Chapter defines an interested shareholder as any person who or which (1) is the beneficial owner of 10% or more of the voting power of the outstanding voting shares of the corporation or (2) is an affiliate or associate of the corporation and at any time within the five year period immediately before the date in question was the beneficial owner of 10% or more of the voting power of the then outstanding shares of the corporation.

Transfer Agent

The transfer agent and registrar for our common stock is Computershare Trust Company.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase debt securities, preferred stock or common stock. Such warrants may be issued independently or together with any such underlying warrant securities and may be attached to or separate from such underlying warrant securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a warrant agent. The warrant agent will act solely as our agent in connection with the warrants of such series and will not assume any obligation or relationship of agency for or with holders or beneficial owners of warrants.

The applicable prospectus supplement will describe the specific terms of any warrants offered thereby, including:

- the title or designation of such warrants;
- the aggregate number of such warrants;
- the price or prices at which such warrants will be issued;
- the currency or currencies, including composite currencies or currency units, in which the exercise price of such warrants may be payable;
- the designation, aggregate principal amount and terms of the underlying warrant securities purchasable upon exercise of such warrants, and the procedures and conditions relating to the exercise of the warrant securities;
- the price at which the underlying warrant securities purchasable upon exercise of such warrants may be purchased;
- the date on which the right to exercise such warrants shall commence and the date on which such right shall expire;
- whether such warrants will be issued in registered form or bearer form;
- if applicable, the minimum or maximum amount of such warrants which may be exercised at any one time;
- if applicable, the designation and terms of the underlying warrant securities with which such warrants are issued and the number of such warrants issued with each such underlying warrant security;
- if applicable, the currency or currencies, including composite currencies or currency units, in which any principal, premium, if any, or interest on the underlying warrant securities purchasable upon exercise of such warrant will be payable;
- if applicable, the date on and after which such warrants and the related underlying warrant securities will be separately transferable;
- information with respect to book-entry procedures, if any;
- if necessary, a discussion of certain federal income tax considerations; and
- any other terms of such warrants, including terms, procedures and limitations relating to the exchange and exercise of such warrants.

Mikesell, Vice President, Associate General Counsel of Ball Corporation, will provide opinions regarding the authorization and validity of the securities.
